An act to provide free Wi-Fi within Kentucky cities limits.

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

Section 1: To provide free Wi-Fi within major city limits such as Louisville, Bowling Green, Lexington, and Owensboro.

Section 2: To give and provide Wi-Fi within major city limits, without having to give unlimited internet in the entire state.

Section 3: To provide Wi-Fi within major city limits because not every citizen of Kentucky can afford Wi-Fi. Wi-Fi is becoming increasingly necessary for employment and education opportunities.

Section 4: We are proposing Wi-Fi within major city limits due to the increase in online communication, consumerism, research, and entertainment.

Section 5: The state could fund this by taxing soda and candy, which will result in lower sales of these items and therefore decreasing obesity.

Section 6: This bill might go in to effect by January 1st 2015.
