An act to enhance the quality of home school educators.

Be it enacted by the Youth Assembly of the Commonwealth of Kentucky

Section 1: This act will require all home school instructors to take and pass both the Praxis test I and II. This test is required to get teacher certification.

Section 2: All home school students will be required to take a standardized test (i.e. CATS testing, EOC assessments) yearly to assess the student's learning progress.

Section 3: The government will appoint a board to set guidelines that home school instructors must abide by. The people on this board are already being paid by the state, so no funding will be needed. This board will be comprised of public school educators, home school educators, and representatives from the Department of Education.

Section 4: The only thing that money will be needed for is the Praxis tests. If the family cannot afford to take this test, financial aid will be provided through financial grants and through non-profit organizations.

Section 5: This act will go into effect the following school year after it is passed.
