An act to build fences on all major interstates in Kentucky

Be it enacted by the Youth Assembly of the Commonwealth of Kentucky

Section 1: The fences proposed in this bill would prevent deaths when driving off an interstate. This will stop deer from running in the roads and getting hit by cars.

Section 2: This would eventually benefit insurance companies when they no longer have to pay auto insurance claims.

Section 3: This bill will also create more jobs in Kentucky because workers will be needed to build and maintain the fences along the interstate

Section 4: This bill will go into effect 90 upon passage with construction starting by January 1, 2016.
