An act to create an online database to register felony convicted domestic violence offenders.

Be it enacted by the Youth Assembly of the Commonwealth of Kentucky

Section 1: In an effort to decrease future victims of domestic violence, this bill creates an online database of felonious domestic violence offenders. The database will be for current residents of the state of Kentucky and will also include offenders convicted in the state of Kentucky. Statutes for convictions will mimic our current sex offender registry.

Section 2: The database will include all current residents of Kentucky with felony domestic violence convictions. The database will also include offenders convicted in the state of Kentucky. An online search will render all information about the offender and his/her domestic violence convictions.

Section 3: Offenders will be on the registry for either 10 years, 20 years, or a lifetime. The seriousness of the crime and number of convictions will render the duration of time to be registered.

Section 4: The domestic violence offender registry can be accessed online. The website will be maintained through the Kentucky State Police. Information about the registry will also be advertised through a public awareness campaign.

Section 5: There will be a minimal cost for the registry as it will be run by the Kentucky State Police and will mimic the format and upkeep of the state sex offender registry.

Section 6: This bill will go into effect January 1st, 2016.
