GLOBAL VILLAGE GUIDELINES

Delegations will be given a booth in the Global Village in which to set up a display representing their school's country/countries. The Global Village will take place on the first evening of the conference and will serve as your chance to showcase the *culture* and *unique identity* of your country or countries. Students will be given a chance to tour the Global Village, learning interesting facts about the nations represented at KUNA. Exploration and education will be guided by a Global Trivia Scavenger Hunt, in which students hunt for answers to trivia questions submitted by each country's ambassadors.
