1                                   An act to require traffic safety cameras at high risk intersections.

2  
3                                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: Every year lives and tax dollars are wasted by careless and reckless drivers speeding through  
6 intersections. In order to combat this problem the commonwealth will require safety cameras at intersections  
7 that are designated "High Risk" by the Kentucky transportation cabinet. The cameras will take photographs  
8 of the driver and license plates of cars breaking the law.

9  
10   Section 2: Intersections will be chosen based on the designation of the Kentucky Transportation Cabinet. If  
11 an intersection is labeled as "high risk" it will have a safety camera installed. Installation and maintenance will  
12 be performed by the Transportation Cabinet.

13  
14   Section 3: Local municipalities will monitor and manage fines and court appearances by those cited.

15  
16   Section 4: This law will go into effect (one) 1 year after date of passage.
