1 An act to all public venues that serve alcoholic beverages to have a breathalyzer test policy for any patron
2 suspected of being intoxicated.
3

4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**
5
6

7 Section I: This bill would require all public venues (bars, restaurants, night clubs, sports facilities) that
8 serve alcoholic beverages to own, operate and enforce a breathalyzer test for all patrons that
9 are in question of being intoxicated or over the legal limit.
10

11 Section II: By enforcing this policy, the owner/manager of such venues will have the right to refuse
12 service to any person that fails or is at risk of being over the limit of alcohol consumption.
13 This policy will help reduce the amount of drunk drivers and the number of accidents related to
14 drinking and driving.
15

16 Section III: While most restaurants enforce a two drink limit on their customers, many patrons
17 consume alcohol before they arrive causing them to be inebriated either before or after their
18 first drink on location. Based on this information, all patrons who consume alcohol will be
19 subject to a mandatory breathalyzer test or service will be refused by the venue
20 owner/manager.
21

22 Section IV: The policies set forth by this bill will be enforced by the local health inspectors of each
23 city/county/state. The owner of the venue will be responsible for purchasing the breathalyzer
24 machine and enforcing the policy within their establishment. The local police department will
25 be responsible for training the owner and other employees on how to properly administer the
26 breathalyzer test to patrons of their business.
27

28 Section V: Penalties for non-compliance will result as follows:
29 1st Offense: Owner will be fined a minimum of \$750.00
30 2nd Offense: Owner will be fined a minimum of \$1500.00
31 3rd Offense: Owner will be fined a minimum of \$3000.00 and have their
32 liquor license revoked.
33

34 Section VI: This bill will go into effect 3 months after passage.
