An act to make abortion illegal.

Be it enacted by the Youth Assembly of the Commonwealth of Kentucky

Section 1: Another option to consider, instead of abortion, is adoption.

Section 2: There are many families that cannot have a child and would be very happy to adopt a child. They would have the time and money to nurture and care for the baby properly. Most important the adoptive parents would love your baby.

Section 3: Abortion not only kills an unborn child, but it can have life long mental after affects on the mother. The mother will have to live with the shame that they were the one who decided if their baby lived or died.

Section 4: The cost to have an early abortion can run between \$350 - \$550. The cost of a later abortion can be \$1000 to \$2000. Adoption is free to the parent giving away the baby. To put your baby up for adoption gives you two things, no cost and the fact that you decided to save your baby's life instead of killing it.
