1 An act to require all Kentucky drivers aged 70 and older to take a driving skills test and a visual acuity
2 screening in order to renew a driver’s license
3

4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

5
6 Section 1: Currently, a licensed driver in the state of Kentucky must renew their license every 4 years.
7 However, there is no provision in our current law to ensure that the driver is still able to see and react well
8 enough to drive an automobile. Drivers that lack that have lost the skills needed to operate a vehicle safely
9 can be a danger to themselves and others. Our bill suggests that drivers over 70 years old in the state of
10 Kentucky must take a driving skills test and visual acuity screening in order to renew their driver’s license.

11
12 Section 2: This bill would add a requirement to the laws already in place regarding re-licensing drivers.

13
14 Section 3: The only cost associated with this bill would be the increased man hours required to provide
15 additional testing.

16
17 Section 4: Failure to pass the driving skills test and/or the visual acuity screening would be immediate
18 revocation of his/her driver’s license.
