1 An act to make ceramic pot water filters the official waterfilters used by the United Nations

2

3 **Be it hereby enacted by the General Assembly of the United Nations**

4

5 Section 1: This bill will create a definite source of water filtration systems (ceramic pot) for the United  
6 Nations water division

7

8 Section 2: This filtration system uses a system of clay pots that powerlessly refine and purify the water so it  
9 is drinkable.

10

11 Section 3: This will benefit all countries in the event of a natural disaster, by lessening the amount of foreign  
12 aide and the amount of non-renewable resources needed.

13

14 Section 4: This proposal will not need any funding because the United Nations water division already has  
15 funding in place.

16

17 Section 5: This proposal will go into effect one year after being approved.
