

Phase II Philippines: Saving Lives with Safe Water

Problem: Hundreds of Thousands of people still do not have access to safe water after Typhoon Haiyan.

Affordable Solution: M-100 Water Purifier

- Sets up in only five minutes.
- Operates off a 12 volt battery and a handful of salt
- Can Chlorinate more than 10,000 gallons of water per day

Proposal: Raise \$500,000 to send 100 water purifier disaster relief kits to the Philippines

Location: Base is Cebu City to support relief in the surrounding areas.

Objective: Provide 100 complete water purifier systems

- Includes M-100 water purifier
- 500 gallon collapsible tank
- Accessories
- Training
- Each water purification system will provide safe water to 1,000 + people in villages
- Purification has probably saved more lives than any other technology

Experience:

WaterStep has been providing safe water solutions for 14 years. Our water purification products are being used in over 30 countries with millions of people drinking safe water today.

WaterStep has responded to 6 disaster situations in the past three years with water purification systems.

In December 2013 during Phase I, WaterStep raised over \$100,000 and deployed a three person team to the Philippines to train other relief organizations and supply them with the technology needed to provide safe water in their areas.

Partners in Philippines: WaterStep trained 155 people from 47 local and international non-profits and municipalities during Phase I. These organizations include:
