## Be it hereby enacted by the General Assembly of the United Nations

Section I: The city of Venice is faced with severe flooding each year. The architecture in Venice is a great concern for many of the citizens and tourist. The Moses Project which has been put into action hasn't been properly funded and is lacking the means to finish the project. By helping to initate this project we can pereserve the architechure of Venice and help increase the economy of Italy by increasing tourism.
