1 A proposal to halt Israeli expansion into Palestinian territory.

2
3 **Be it hereby enacted by the General Assembly of the United Nations**

4
5 Section I: Since its introduction as a state by the UN, Israel has taken land from Palestine. Now, it is to a
6 point where the existence of the Palestinian people is at risk. Israel has built dozens of settlements in the
7 West Bank, limiting Palestinian access to their own land. This proposal will stop Israel from continuous
8 expansion, and halt their construction of settlements outside their currently controlled territory.

9
10 Section II: If Israel builds additional settlements in Palestinian territory, they will be fined no less than 100
11 million USD, and will be forced to dismantle their settlement. If Israel does construct additional settlements,
12 they will face sanctions from the U.N. and its members.

13
14 Section III: There will be no costs associated with the passage of this proposal.

15
16 Section IV: This proposal will go into effect immediately upon passage.
