1 An act to provide an option for diabetes education seminars in countries throughout the worldA
2
3 **Be it hereby enacted by the General Assembly of the United Nations**
4
5 Justification Clause: From just 1 percent of the adult Vietnamese population in 1991 the rate climbed to 6
6 percent last year. A survey in 2010 estimated that 1 in 10 adults had the disease. Vietnam is forecast to
7 have between 7-8 million people suffering from diabetes by 2025. The International Diabetes Federation
8 calculates that 371 million people were afflicted with diabetes worldwide last year. Four out of five people
9 with the disease live in poor or middle-income countries. Vietnam will be used as a pilot country for this
10 proposal.
11
12 Section 1: Ensure all nations within the United Nations provide seminars to teach children and adults of the
13 causes and consequences of diabetes.
14
15 Section 2: Diabetes specialists from the UN will perform seminars in community buildings or tents based off
16 the country's infrastructure.
17
18 Section 3: Countries will be encouraged by the United Nations to provide seminars in order to help the public
19 good.
20
21 Section 4: This proposal will go into effect one year after passage.
