1 An act to assist the large community of the disabled in Colombia to live a better lifestyle.

2
3 **Be it hereby enacted by the General Assembly of the United Nations**

4
5 Justification Clause: This act will help those who are disabled in our community to have a better way of life.
6 By putting this law into act it will help the education rates of the disabled to increase. It will also help those
7 struggling with a disability to not focus on what they can't do, but instead what they can.

8
9 Section 1: Due to the high amount of gang crime and street fighting from our corrupt government. About
10 3.5% of all people have a disability, and this rate is increasing every day. We plan on opening centers to help
11 train the handicap and amputees to learn new ways of doing everyday tasks and activities. Such as how to
12 write and learn in school.

13
14 Section 2: These centers will have different amounts of employees in each city based on the population of
15 those struggling with a disability. There will be 1 employee for every 9 people. These workers will be earning
16 \$3.25 per hours and working a 9 hour day. This is around the average salary. They will be providing training
17 for these disabled people.

18
19 Section 3: These buildings will cost approximately \$500,000 to build a piece. We will be building 5 buildings
20 in a largely populated city at first to ensure success which will cost \$2.5 million dollars. We will to open more
21 of these development centers depending on the success of the first 5.

22
23 Section 4: This proposal will go into effect 2 years after passage.
