the	KENTUCKY YMCA YOUTH ASSOCIATION KENTUCKY UNITED NATIONS ASSEMBLY United Nations Proposal	Proposal # 27
		Proposed by North Korea
Authors: Amulya Ankem, Greyson Williams, Otis Milliken, Annie Kelley		Committee: B
School: Meyzeek		Action on Proposal
City: Louisville		Passed Defeated

1	An act to change North Korea into a export-oriented economy.
2	
3	Be it hereby enacted by the General Assembly of the United Nations
4	
5	Justification Cause: Our proposal is to change North Korea into an export-oriented economy. An export-
6	oriented economy is an economy that is mostly based on international trade, specifically buying and selling
7	goods. Right now, North Korea's economy is failing; their GDP (gross domestic product) is 195th out of 229
8	countries. This will not only improve North Korea's economy but due to cultural diffusion, this proposal could
9	also improve numerous problems in North Korea. It will also creates lots of jobs to jobless North Koreans
10	because of the exporting and industrial companies. North Korea already has 6 trillion dollars of rare earth
11	minerals to start trading with. We need the support of the United Nation's countries to export and trade with
12	North Korea. Export-oriented economy means that North Korea will buy goods from other countries, as well
13	as being able to sell goods to other countries. This gives North Korea the resources it needs and other
14 15	countries a greater profit to use for trade and manufacture
16	Section I: North Korea will manufacture and buy goods to trade with other countries.
17	
18	Section II: This proposal will create thousands of jobs.
19	
20	Section III: North Korea has six trillion dollars of rare earth minerals, if our country were to adapt the
21	export-oriented economy, this will not only benefit us but also our world.

- 23 Section IV: This will go in effect twelve months after passage.
