1                                   An act to establish justice against human trafficking and reinforce human rights.

2  
3                                   **Be it hereby enacted by the General Assembly of the United Nations**

4  
5   Justification Clause: Human trafficking is one of the fastest growing criminal industries in the world. It is a  
6   major problem in Uzbekistan as the government also contributes to trafficking people. To aid in preventing  
7   and stopping trafficking, we will enforce the laws to be more strict and specific. We will also make the  
8   punishment for committing this crime harsher.

9  
10   Section I: We propose to enforce a document called "The End of Human Trafficking." This document consists  
11   of three parts. Part one is to make punishment for committing the crime of trafficking 12 years instead of  
12   only 3 years of jail time and also a 100,000 dollar fine in US dollars which is equivalent to 2,500,000 som in  
13   Uzbekistan currency. The second part is to enforce airport security by having security officers examine  
14   passports and birth certificates because people who are trafficked often don't have real ones. The additional  
15   security needed will be funded with the money collected from the fines that violators of the document "The  
16   End of Human Trafficking" have paid. If no violators are prosecuted, our sponsors will fund security until  
17   violators are caught. The third part is to have a class required for all the Uzbekistan people on the harshness  
18   of human trafficking. The teachers of this class will be people from the United Nations and the teachers will  
19   be paid by the Uzbekistan government.

20  
21   Section II: Our intention is to put an end to human trafficking as a whole in Uzbekistan. In addition to that,  
22   we will also stop the import and export of people in other countries affiliated with trafficking.

23  
24   Section III: To further address the abuse of human rights problem, government officials who have been  
25   suspected of participating in trafficking will be investigated and prosecuted by UN officials.

26  
27   Section IV: We will partner with End It Movement to raise awareness and prevention of trafficking in  
28   Uzbekistan. End It Movement is an organization that fights for freedom by having people use their voices.  
29   They will broadcast the issue of trafficking in Uzbekistan which would get the word out. In 2014, End It  
30   Movement has raised \$116,735.50 in the fight for freedom. We will also partner with Polaris Project,  
31   UNICEF (United Nations Children's Fund), and World Vision to help victims of trafficking. These groups will  
32   take care of victims so they can fully recover and get their lives back on track. These are non-profitable  
33   organizations so housing and helping victims won't cost anything.

34  
35   Section V: This bill will go into effect immediately after passing.
