1 An act to eradicate water pollution in France

2

3

Be it hereby enacted by the General Assembly of the United Nations

4

5

Justification Clause: Water pollution in France is rampant due to factory run-off and improperly disposed garbage. This is causing huge problems in many areas of France, especially in factories near waterways on the Western coast.

6

7

8

Section I: The United Nations will help form an auditing committee to assess the methods of trash disposal used by factories in troubled areas and establish new, safer methods of disposal.

9

10

11

Section II: If a factory does not have a proper method for disposing trash, they will be given 90 days to comply with new regulations.

12

13

14

Section III: Factories who fail to comply will be incur a fine of 10% of profit gained each year until they are in compliance.

15

16

17

Section III: Factories who participate in the new system will be rewarded by a 5% tax credit for up to 3 years.

18

19

Section IV: Initially, the UN will fund the auditing committee to hold businesses accountable and correct actions. Once fines are collected for a 2-year period, France would take over responsibility of funding the committee.

20

21

22

Section V: This proposal will take effect 90 days upon its passing.
