

 <p>KENTUCKY YMCA YOUTH ASSOCIATION KENTUCKY UNITED NATIONS ASSEMBLY United Nations Proposal</p>	Proposal # 26
	Proposed by Ireland
Authors: Cash Brainer, Parker Ritchey	Committee: H Action on Proposal <input type="checkbox"/> Passed <input type="checkbox"/> Defeated
School: St. A	
City: Louisville	

- 1 An act to reduce water pollution in Ireland and surrounding countries
- 2
- 3 **Be it hereby enacted by the General Assembly of the United Nations**
- 4
- 5 Justification Clause: Water is one of the most important necessities in life. England has a leaky nuclear plant
- 6 that needs to be shut down and contained. Since the pollution is in the water, it will spread to other
- 7 countries, including Ireland. Ireland also has issues with trash disposal and lack of recycling. The increased
- 8 pollution is causing environmental decline and must be stopped.
- 9
- 10 Section I: The United Nations will oversee that the closure of the nuclear power plant in England is down in a
- 11 timely and efficient manner.
- 12
- 13 Section II: England will be fined if they refuse to cooperate and will be in charge of all cleanup charges.
- 14
- 15 Section III: A recycling system will also be put into place in Ireland to help control the amount of trash and
- 16 pollution in landfills as well as roadsides.
- 17
- 18 Section IV: The system will be paid for by charging citizens and businesses for the amount of garbage that
- 19 they put out on a per-trash-can basis. As they begin to recycle, their trash will lessen.
- 20
- 21 Section V: This proposal will go into effect 90 days after its ratification.
