- 1 An act to require all major highway intersections and interstates to have transverse rumble strips in
- 2 Kentucky.
- 3
- 4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**
- 5
- 6 Section 1: Presently in the Commonwealth of Kentucky, only a few highway intersections have transverse
- 7 rumble strips. We want all Kentucky major highway intersections and interstates to have transverse rumble
- 8 strips.
- 9
- 10 Section 2: Transverse rumble strips is an enforcement that states: each and every major highway and
- 11 intersections new or old, will be required to have transverse rumble strips. The Kentucky Department of
- 12 Transportation will identify which intersections will received transverse rumble strips. The Federal Highway
- 13 Administration will enforce which highways will install the transverse rumble strips.
- 14
- 15 Section 3: According to the Federal Highway Administration, this will cost ten cents per linear foot. The
- 16 money will be withdrawn from the Federal Highway Administration's budget, which they get from taxes.
- 17
- 18 Section 4: This bill will go into effect January 1st the year after it has passed.
