1 An act relating to require public schools to mandate first aid and CPR training to all lunch monitors.

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: The purpose of this bill is to have all lunch monitors trained in first aid and CPR.

6  
7 Section 2: Over half of the students enrolled in schools will require first aid or CPR at least one time during  
8 the school year. If the lunch monitors are not properly trained, there could be life-threatening results. On  
9 average, a child will die every 5 days in the United States from choking on food.

10  
11 Section 3: All lunch monitors must have a minimum of six hours credited and required hours of first aid and  
12 CPR training. The training will be provided by the certified district nurse and/or school health coordinator  
13 through professional development or district wide training days scheduled by the principal at each school.  
14 CPR and First Aid training costs \$40 per person every other year and will be funded by the Kentucky  
15 Department of Education.

16  
17 Section 4: Non-compliance by lunch monitors within a school district will result with the following offenses:  
18 - 1st offense: Certified monitor will receive a warning from the superintendent for non-compliance and  
19 receive a notice to have training completed or scheduled within 3 months at the employee's expense. -  
20 2nd offense: Certified monitors will be suspended without pay until the training is completed. - 3rd  
21 offense: Lunch monitors will be suspended without pay until the training is completed.

22  
23 Section 5: The Superintendent of each public school district in Kentucky will be responsible for the  
24 enforcement of this bill.

25  
26 Section 6: The bill will go into effect on January 1, 2020.

1 An Act to require all students and staff of public and private schools to undergo active shooter training  
2 through the ALICE Training Institute.

3  
4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

5  
6 Section 1: According to data from the Gun Violence Archive, a total of 272 mass school shootings have occurred  
7 as of early October, 2018. In 2017, the U.S. saw a total of 346 mass shootings in schools across the nation.

8  
9 Section 2: The mortality rate is significantly lower in schools and other organizations that use ALICE (Alert,  
10 lock-down, inform, counter, evacuate) strategies in active shooter situations.

11  
12 Section 3: It has been demonstrated in schools all over the Commonwealth that have partaken in ALICE  
13 training are provided with the the proper knowledge and tools to make their own life saving decisions in  
14 the case of an Armed Intruder.

15  
16 Section 4: If schools have participants that would like to be excused from ALICE Training, they will need to  
17 communicate the concern with a Principal or Counselor, who will determine if it is a valid excuse. They will  
18 them communicate the concern to an ALICE certified official.

Section 1: This bill will legalize casino gambling along with current legal gambling that includes betting on horse racing, instant racing machines, the KY Lottery, and charitable gaming. The purpose of this bill is to create revenue for the state of Kentucky. The revenue will help fund Kentucky retirement pensions for teachers, judges, legislatures, county employees, state police, firefighters, and state and local officials.

Section 2: Currently 18 states have commercial casinos, and 30 states offer some form of legalized gambling. This bill will create over 1,500 construction working jobs and over 2,000 permanent jobs for the state of Kentucky. The new casinos will create more tourism for our state, resulting in the creation of more revenue for the Kentucky retirement pension.

Section 3: To make this bill achievable we will be expanding the Gaming Control Board to Kentucky. We will establish a Kentucky Gaming Control Board which will license and regulate future casinos of Kentucky. We will additionally secure compliance with statutes, rules, and regulations which promote a pleasurable gaming environment, and make all decisions with the best interest of Kentucky and its citizens in mind.

Section 4: From the year 2004-2017 casinos around the U.S. averaged 76.59 billion U.S. dollars in profit. The pension will receive funding by taxable incomes on the winnings of those participating in the activities located at casinos across Kentucky. The income tax on the business itself will be based on the standard tax rate created by the Kentucky Department of Revenue. The casinos built in our state will finance their own construction and labor costs and fees considering that they are their own exclusive establishment.

Section 5: This bill will take effect June 1, 2020.

1                   An Act to Require All School Employees to Obtain and Keep Their CPR Certification

2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: Sudden cardiac arrest claims the lives of over 2,000 children and adolescents in the U.S. each year and  
6 is also the cause of 3.5% of all deaths in children 5-19 years old. Sudden cardiac arrest is when the heart suddenly  
7 and unexpectedly stops beating. CPR can save the lives of those in cardiac arrest. Effective CPR after sudden  
8 cardiac arrest can double or triple a victim's chance of survival. Our bill will improve the chance that school  
9 children's lives will be saved by requiring all school staff in the state of Kentucky to obtain CPR certification and  
10 keep their certification current.

11  
12   Section 2: This bill will require all school staff in Kentucky to obtain and keep CPR certification current. The  
13 Kentucky Department of Education will enforce this law because all of Kentucky schools are under their  
14 control.

15  
16   Section 3: This certification training will be provided by each school district school nurses. Most school  
17 nurses already provide this training for athletic coaches and special needs assistants; therefore, any  
18 additional costs would be minimal. Any associated costs will be paid for by the school district general fund.

19  
20   Section 4: If an individual school employee does not comply with this bill, they will have to pay for their  
21 own training at an organization offering CPR training. If not in compliance within 3 months, the school  
22 district shall report the employee to the Office of Education Accountability (OEA). The OEA will review the  
23 case and make a recommendation, which could lead to loss of teaching certification and loss of  
24 employment.

25  
26   Section 5: All laws or parts of laws in conflict with this bill are hereby considered null and void.

An Act to Require Every Public School in Kentucky to Have a School Resource Officer

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

Section 1: It takes several minutes for an armed police officer to arrive on the scene of an active shooter. It takes even more time to locate the shooter once police arrive. Since time is an important factor in reducing casualties, it only makes sense to have a school resource officer already in place. We need more school resource officers around the state to prevent this type of violence from happening. This bill will require every public school in Kentucky to have a school resource officer.

Section 2: Kentucky local law enforcement and Kentucky school districts will enforce this bill. The Kentucky local law enforcement will assign an officer to every public school in Kentucky to be in place. The district will also pay for the training of every officer.

Section 3: The money needed to fund a school resource officer will come from the taxes on alcohol and tobacco products. One of the main responsibilities of the school resource officer will be keeping drugs, alcohol, and tobacco products out of the schools.

Section 4: If a school or school district does not comply with this bill, on their first offense they will be given a three-month warning to get a school resource officer. On their second offense, the district will lose 10 percent of their SEEK funds. A third offense would lead to possible state takeover of the school district.

Section 5: All laws or parts of laws that conflict with this bill are hereby considered null and void.

Section 6: This bill will go into effect on August 1, 2019.

1                   An Act to Reduce the Dangers Posed by Dead Trees Due to the Emerald Ash Borer

2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: In Kentucky, there is a huge problem from the danger posed by dead trees on public and private lands.  
6   The emerald ash borer has caused immense damage to the tree canopy throughout the state. In Jefferson County  
7   alone, there were over 2.5 million ash trees in 2014. As of now, the county stands to lose 25% of the tree canopy.  
8   Dead or weakened trees pose an enormous threat to public safety. In Northern Kentucky, from 2016 through the  
9   beginning of 2017, there were 4 people killed and twice that number injured, due to falling trees or branches.

10  
11   Section 2: The state shall provide a tax credit to people who have dangerous or dead trees removed from  
12   their property. When you pay a company to cut down your tree, you shall be eligible to claim a credit to  
13   reduce your income tax bill by the cost of the removal, but not more than \$1,000 dollars, once per year.

14  
15   Section 3: The Secretary of Agriculture shall create a public service announcement to air on television and  
16   on the internet. This announcement shall explain the dangers of dead trees and the need for their removal.  
17   Furthermore, the PSA shall inform the public of the available tax credit.

18  
19   Section 4: The Kentucky Department of Revenue shall process all claims for tax credits under this bill. Any  
20   person claiming the credit must submit a receipt for the costs of tree removal when filing their taxes as  
21   proof they are eligible for this credit.

22  
23   Section 5: The costs of this act shall be paid for out of the general revenue.

24  
25   Section 6: This bill shall take effect at the beginning of the first fiscal year following enactment, or January  
26   1st, 2019, whichever is later.

1                                    An Act Relating To changing organ donation to an opt-out system  
2  
3                                    **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**  
4  
5    Section 1: Establish an opt-out system for organ transplants in Kentucky. An opt-out system means that at the  
6    time of receiving your drivers license you would automatically be signed up to be an organ donor unless you sign to  
7    opt out of the system.  
8  
9    Section 2: Applicants must be 18 years of age to participate in the organ donor program. If applicants are  
10   under the age of 18 they can get parental consent to participate in the opt-out program.  
11  
12   Section 3: Medical bills will be the responsibility of the receiver of the organs.

1 An Act Relating To Raising the Legal Age to Purchase Tobacco, Vapor and Alternative Nicotine Products to  
2 21

3  
4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

5  
6 Section 1: Teens are getting E-cigarettes, Juuls, dip and other tobacco products, illegally online, through stores  
7 that don't ID properly, and through those who can legally purchase tobacco products. Raising the age at which  
8 teens can purchase these products will help to create a healthier population in the long run.

9  
10 Section 2: This bill will amend KRS 438.310 by raising the legal age of purchasing tobacco products, E-  
11 cigarettes, vapor products and alternative nicotine products from 18 to 21. No person under the age of 21  
12 shall possess or use tobacco products, E-cigarettes, vapor products, or alternative nicotine products.  
13 Owners of retail establishments will be responsible for informing their employees that proof of age is  
14 required for anyone who looks to be under the age of 30. The Department of Alcoholic Beverage Control  
15 and the Department of Agriculture will oversee the enforcement of this regulation by random unannounced  
16 inspections.

1 An Act Proposing an Amendment to Sections 99 and 105 of the Constitution of Kentucky Relating to the  
2 Election of County Jailers.

3  
4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

5  
6 Section 1: It is proposed that Section 99 of the Constitution of Kentucky be amended to read as follows: At the  
7 regular election in two thousand twenty-two and every four years thereafter, there shall be elected in each county a  
8 Judge of the County Court, a County Court Clerk, a County Attorney, Sheriff, Coroner, Surveyor and Assessor, and in  
9 each Justice's District one Justice of the Peace and one Constable, who shall enter upon the discharge of the duties  
10 of their offices on the first Monday in January after their election, and who shall hold their offices four years until  
11 the election and qualification of their successors. The formerly elected office of Jailer will be appointed by the  
12 County Court in counties that operate their own correctional facilities.

13  
14 Section 2: It is proposed that Section 105 of the Constitution of Kentucky be amended to read as follows:  
15 In counties that do not operate a jail or prison and therefore do not have an appointed Jailer, the  
16 responsibilities of the Jailer shall fall to the Sheriff.

17  
18 Section 3: This amendment shall be submitted to the voters of the Commonwealth for their ratification or  
19 rejection at the time and in the manner provided for under Sections 256 and 257 of the Constitution and  
20 under KRS 118.415.

1                                    An Act to Provide Funding for Schools to Install Door Jammers

2

3                                    **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5    Section 1: We are proposing that schools should have better access to safety devices. The first step to provide

6    better tools that improve safety. If there were to be a lockdown in your school then the DoorJammer Portable Lock

7    would be used to lock the door from inside the classroom. DoorJammers are sold through retailers such as

8    Amazon.com, Lowes, etc. We could do this by raising taxes on cigarettes, Juuls, and vapes.

9

10   Section 2: The purpose of this is to keep students while at school safe. Based on recent events at schools

11   in Kentucky this device should be used. To use this door jammer you only have to place it under your door,

12   adjust it to the correct height and make sure it has jammed in between the door and door frame.

13

14   Section 3: Funding will be raised through a 0.25% increase in sales tax on cigarettes, Juuls, and vapes.

15

16   Section 4: If passed this bill will go into effect during at the beginning of the 2019-2020 school year.

An act to abolish standardized tests and common core

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

Section 1: We decided to choose this bill because there are millions of dollars spent on common core and standardized tests like Kentucky’s K-Prep, this continues to add up year after year, it costs over tens of millions of dollars per year. K-prep does not prepare kids for college. It also makes schools teach for standardized tests and it makes them not teach general knowledge that they can use for their later years in life.

Section 2: Our law effects school administration, the students, and lastly the teachers. The law will be enforced by the Kentucky Department of Education so they can make sure no schools are using the common core system and by taking all of the standardized tests out of Kentucky schools.

Section 3: Punishments: 1st offense: The government deducts \$500 of funding for students. 2nd offense: The government takes away \$1000 per student and the school will be ineligible for government grants for 3 years. 3rd and beyond offenses: All government funding cut from school system for 3 years The system that will replace the common core system will teach teachers to identify students in their strong areas and the student will be tested in only those areas but will be taught only basic skills in other subjects the goal is to narrow it down to 1 or 2 subjects by 11th or 12th grade to put students on the path to college and a career.

Section 4: This law will be enforced at the start of the 2020-2021 school year.

1                                    An Act to Give Judges Flexibility in Sentencing Non-Violent Drug Crimes

2  
3                                    **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5    Section 1: It will be lawful for a judge in the Commonwealth of Kentucky to sentence a defendant who was  
6    convicted of a non-violent crime while under the influence of an intoxicating substance, was convicted of  
7    possession of less than 15 grams of an illegal drug, or was intoxicated by prescription drugs. The judge has the  
8    option of sentencing the defendant to rehabilitation or jail. Evidence can be presented at sentencing to help the  
9    judge decide which sentence to use. For the purpose of the law the definition of intoxicating substances is:  
10   Substances that temporarily reduce mental and physical abilities and lead to potential endangerment of people,  
11   property, and the intoxicated person or persons. Intoxicating include, but are not limited to Opioids, Heroin,  
12   Cocaine, Marijuana, Crack, Methamphetamine. Prescription Opioids used to control pain that results in intoxication,  
13   and all Alcoholic beverages. The State Legislature has the power to add to the list.

14  
15   Section 2: To determine if the defendant is eligible for the program; the defense lawyer can request  
16   assessment by a licensed professional who works in a state approved rehabilitation facility before the trial  
17   begins. The judge will receive a report and recommendation from the professional. The judge will use the  
18   report and recommendation in the sentencing decision.

19  
20   Section 3: Defendants convicted of DUI (Driving Under the Influence) will be eligible if there is no injury,  
21   death, or property damage when they are arrested. Any injury, death, or property damage disqualifies them  
22   from the program. They will be sentenced to jail.

23  
24   Section 4: The judge can sentence a defendant to six to twelve months of rehabilitation using the report  
25   received before the trial guidance. A progress report of the defendant will be made every two months by  
26   the rehabilitation facility and can recommend early release or if an extension of the sentence up to the full  
27   twelve months will be necessary. This report will be sent to a judge to rule on.

28  
29   Section 5: The Kentucky Corrections Cabinet will administer the program. Any additional needed funding will  
30   come from the Kentucky Lottery proceeds.

31  
32   Section 6: This bill will go into effect six months after the governor signs it into law.

7 Section 1: As the law stands, felons must apply to receive their voting rights, with the sole decision being at the  
8 discretion of the governor. This bill will still require certain criteria to be met, but will allow for an objective decision  
9 to be made for each candidate.

10  
11 Section 2: Those applying to regain their voting rights will provide the necessary documentation to KY  
12 Voting Registry with a submitted application for approval. The KY Voting Registry will process these  
13 applications as they would all voting registrations.

14  
15 Section 3: Failure to allow a felon to register to vote or failure to process applications in a timely manner  
16 will result in a \$100 fine for the first offense, \$250 fine for the second offense, and a \$500 fine for the  
17 third and every offense after.

18

1 An Act to require all local jails and state prisons to mandate drug rehabilitation programs from all prisoners  
2 with a documented history of drug abuse.  
3  
4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**  
5  
6 Section 1: By May 2019, KY prisons will reach their capacity. If this happens, it will cost the Commonwealth \$700  
7 million to remedy the problem. The largest population in prison is due to drug offenses. This bill will fight the cause  
8 of prison over-crowding and will prevent second offenders from returning to jail.  
9  
10 Section 2: Norway's prison system is among the most successful in the world. Fewer than 4,000 of the  
11 country's 5 million citizens are behind bars. This is due largely in part to their restorative justice system  
12 that rehabilitates prisoners and prevents their return.  
13  
14 Section 3: KY state budget has already allocated funds to deal with overcrowding in the prison system. It  
15 will be necessary to redirect some of this budget towards this program as its implementation is expected  
16 to decrease the need for this budget item in the future.  
17

1                                    An Act Relating to Stopping Mountaintop Removal by Coal Companies

2  
3                                    **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5    Section 1: Mountaintop removal in Kentucky is endangering the lives of our citizens and wildlife through the  
6    pollution of air, water and the destruction of natural habitats. In order to stop this we propose that we impose a  
7    penalty of 7% on net income generated on the coal companies' profits. This will pressure the coal companies to not  
8    do Mountaintop Removal because it will be more expensive than the traditional way of coal mining. This decision  
9    will help the state by creating more jobs in mining and will help the environment and everything that lives in it from  
10   being destroyed by Mountaintop Removal from the dangers that it creates.

11  
12   Section 2: Our bill will be carried out by Kentucky's Division of Mine Safety. Inspections will be scheduled  
13   twice a year to see whether or not the companies are following the requirements of the law. The inspectors  
14   will work with the companies to make sure they understand the law and consequences of not doing  
15   mountaintop removal.

16  
17   Section 3: This does not need additional funding since inspections are already done. This will most likely  
18   raise money since coal companies will have to pay a penalty if they continue to not reduce mountaintop  
19   removal. If someone doesn't pay the penalty in 90 days after the removal has been carried out then the  
20   coal companies will be temporarily shut down or will have to pay an \$80,000 fine.

21  
22   Section 4: This bill will go into effect on January 2021 in order to give companies time to plan.

1           An Act Relating to a Family Education Program About the Dangers of Prescription Drug Addiction

2

3                           **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5   Section 1: Kentucky is among the top ten states with the highest opioid related overdose deaths. In 2016,

6   Kentucky's opioid related death rate was almost double the national average. Kentucky had a rate of 23.6 deaths

7   per 100,000 persons. We propose an educational program be created for high school students and their parents

8   about awareness around the effects of addiction to painkillers. Research indicates that family-centered prevention

9   programs are have a greater intervention rate than school-based programs limited to students only.

10

11   Section 2: The state will get medical doctors and other addiction experts to create an information

12   document that can be distributed electronically to the schools at the start of each school year. Guidance

13   counselors and educators will present this document to all enrolled high school students and families in

14   need of this information. This information will be presented as a class that meets every other week for 2

15   months in the beginning of the school year. The program will partner with local drug treatment centers to

16   provide guest speakers and counseling information.

17

18   Section 3: The state will provide funding to create the teaching program to be provided to high schools.

19   The cost should be low because information will be sent to schools electronically. The information will be

20   provided to families digitally and with printouts mailed to homes by each school.

21

22   Section 4: This bill will go into effect for the 2018-2019 school year.

1                    An Act Relating To Increasing the Severity Hate Crime Punishment in Kentucky

2  
3                    **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5    Section 1: In our country, more than 6,100 hate crimes were reported in the United States in 2016. The purpose  
6 of this bill is to strengthen the hate crime law in Kentucky. How this law would help our state is by allowing people  
7 to be charged of a hate crime and the punishment would be based on the seriousness of the crime. This is  
8 important because currently Kentucky statute, KRS 532.03 1, does not recognize hate crimes as a punishable crime  
9 by itself. Once a person is charged with a crime a judge can then decide if the crime was based on a person’s bias  
10 against another group. The current law does not include murder as one of the charges that can be determined to be  
11 a hate crime. This means that if a person is murdered in Kentucky because of their race it cannot be considered a  
12 hate crime. We would like to change the law to make a crime against a person because of someone’s hatred of  
13 their differences be a crime and allowed to have punishment that equal the seriousness of the crime.

14  
15    Section 2: If passed, this bill would allow the courts make murder that was the result of someone’s  
16 prejudice be considered a hate crime. It would also allow the courts to charge someone with a hate crime  
17 directly and it not be added on after charged with a crime not as severe.

18  
19    Section 3: Once enacted, the judicial systems in each county must follow the law and prosecute people  
20 convicted of the crimes according to the law.

21  
22    Section 4: This bill will go into effect immediately upon passage by the state legislature.

1                   An Act Relating To The Planting of Trees for Forest Cover Lost in the Kentucky

2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: Currently, there are no laws in Kentucky regulating deforestation. This bill will help limit the amount of  
6   trees lost in Kentucky.

7  
8   Section 2: For an area of land to be recognized as forest cover, it must be completely or almost completely  
9   covered by trees and/or tree canopy.

10  
11   Section 3: Companies wishing to build businesses on forest land are required to plant 5 indigenous trees  
12   for every acre of forest cover they cause Kentucky to lose. The trees must be planted before the opening  
13   of the business on the land originally bought and cleared.

14  
15   Section 4: If this law is violated by any company who has cleared forest land for their business, the  
16   company will have to pay a \$5000 fine to the Commonwealth of Kentucky. Half of this money will be given  
17   to the Energy and Environment Cabinet and half to the Department of Revenue.

18  
19   Section 5: The tree planting will be overseen by the Energy and Environment Cabinet.

1 An Act To Require All Kentucky Schools to Hire a Full-Time English Language Learning (ELL) Teacher

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: Over the past 30 years the need for ELL teachers has doubled. Currently less than 30% of schools have  
6 full time ELL teachers. ELL teachers and the students they serve are also called ESL (English as a Second Language),  
7 and the terms are often used interchangeably.

8  
9 Section 2: This bill asks that Kentucky schools have one full-time ELL teacher in schools for every 20 ELL  
10 students in the building.

11  
12 Section 3: ELL teachers are needed to teach all grades and students of varying ability and language skills.  
13 Mostly preschools and middle schools need them. This is because students can start school without  
14 knowing English at any grade level or age.

15  
16 Section 4: ELL teachers require a bachelor's degree, 4 years of college, a language course, and a teacher  
17 internship. ELL teachers instruct people who don't know English as their first language. More experienced  
18 instructors receive a salary of around \$66,800. New ELL teachers will receive around \$38,360. Kentucky  
19 Department of Education funds will be redirected to pay for the ELL teachers

20

An Act Relating To the Marketing of E-Cigarettes to Minors

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

Section 1: A NEW SECTION OF KRS CHAPTER 438 IS CREATED TO READ AS FOLLOWS: (1) No use of advertising methods designed to appeal to children and teenagers shall be used to market e-cigarettes. (2) Certain billboard advertisements of e-cigarette products within 500 feet of schools are prohibited. (3) No sponsorships for sporting events by the e-cigarette industry are allowed. (4) Naming and packaging of the e-cigarette products with names and designs that are intended to be appealing to kids and teens is prohibited. (5) Absolutely no promotion of false statements claiming the e-cigarette is a safer form of nicotine or that the vapor is purified upon exhalation or any other such false and misleading claims about the product will be allowed.

Section 2: E-cigarettes are devices that operate by heating a liquid solution to a high enough temperature so that it produces an aerosol that is inhaled. Some common names for these devices include Juuls, Vapes, or Mods. This applies to formulations of e-cigarette refills that contain nicotine, as well as those that do not. This does not apply to any type of nicotine replacement drugs or devices that are already regulated by the United States FDA, such as nicotine patches nor nicotine gum.

Section 3: Penalties for violations of this legislation shall be as follows: 1st offense -written warning giving notice of violation and 2 weeks to comply by removing the advertisements in violation 2nd offense - another written warning and 1 week to comply before fines begin 3rd offense - fines begin at not less than \$500 per offense with a maximum of \$5000 and a time period to become compliant 4th offense - fines begin at not less than \$1000 per offense with a maximum of \$10,000 and a time period to become compliant 5th offense- termination of rights to sale their brand of products in Kentucky or face further fines

Section 4: This bill will be enforced by the Kentucky Bureau of Alcohol, Tobacco, and Firearms, or ATF.

1 An Act Relating To Legalize Medical Marijuana

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: Currently, medical marijuana is fully illegal in Kentucky. The proposed bill will make the use of medical  
6 marijuana legal. 20% of the revenue gained will help fund Kentucky public schools. This does not include  
7 recreational use of Marijuana. Medical Marijuana has been proven to help relieve pain in people with incurable  
8 illnesses such as: Crohn's Disease, Cancer/chemotherapy, Hepatitis C, Parkinson's, and Rheumatoid Arthritis.  
9 Medical Marijuana has been known to stimulate therapeutic effects for daytime use such as: increased focus and  
10 relieving headaches, migraines, and nausea. It is also used for body stimulation mostly used for nighttime use such  
11 as: relaxing muscle spasms and reducing pain and inflammation, anxiety, intraocular pressure, and seizure  
12 frequency.

13  
14 Section 2: Medical Marijuana will only be prescribed by patients' doctors. The average cost of a dose of  
15 medical marijuana is around \$3.00. The number of doses needed for a patient differs depending on the  
16 patient's condition. Medical Marijuana is not to be given in doses higher than the doctor deems necessary.

17  
18 Section 3: A permit will be required for the doctor in order to obtain permission to write a prescription.  
19 Each patient will carry a Medical Cannabis Card which will include their name, address, card expiration date,  
20 and any medical information including the disease being treating.

21  
22 Section 4: 31 states have already legalized medical marijuana. States close to Kentucky include West  
23 Virginia, Ohio, Illinois, Florida, and Arkansas.

24  
25 Section 5: The legalization of Medical Marijuana could create hundreds of thousands of jobs and help boost  
26 the dying non-renewable resource industry that Kentucky depends on.

27  
28 Section 6: The Kentucky Department of Public Health will be enforcing this bill and the Kentucky  
29 Department of Agriculture will be overseeing this bill in order to determine that the treatment is used for  
30 medical uses only.

31  
32 Section 7: The proposed bill is planned to take effect during the 2019 growing season.

1                   An Act Relating To extending and enforcing vaccination of school age children

2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: The Commonwealth of Kentucky is far behind in the protection of its school age children in the area of  
6   enforcing current vaccination policies. We believe the policy should extend to include MPV, HepC, HepA and TB. Due  
7   to serious health risks, We believe the policies should be enforced in all school districts unless it would cause a  
8   serious health issue or lead to death of the student or by documented religious restrictions.

9  
10   Section 2: This act would require all students to complete a vaccination schedule that must be documented  
11   by August 1 for students entering Kindergarten and 6th grade. Parents wanting to exempt their students  
12   from vaccinations must show religious cause or medical reason for exemption.

13  
14   Section 3: The Kentucky Department of Education and Department of Health will coordinate the program  
15   and recording of vaccinations and set schedules for the school years and battery of vaccinations required  
16   for each level.

17  
18   Section 4: The Kentucky Department of Education will be in charge of enforcing the act and schools found  
19   in non-compliance will be fined \$500 per incident and parents will be fined \$500 and children held from  
20   school until they are in compliance.

21

1                                   An Act Relating to Giving the Option to Remain Anonymous in Winning the Lottery

2  
3                                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: For some people winning the lottery is the happiest day of their life, and why should it not be? Every  
6   year tragic incidents happen to people who do not remain anonymous in winning the lottery. Not giving this option  
7   can in some cases cause burglary, kidnapping, law suits, harassment, murder, etc. Several states such as Delaware,  
8   Kansas, Maryland, North Dakota, South Dakota, Ohio, and Texas already give this option.

9  
10   Section 2: This bill will give Kentucky citizens the choice to remain anonymous if one wins the lottery. The  
11   lottery companies established/ ran in Kentucky will sign contracts of confidentiality for this anonymity,  
12   unless the person wishes to go public with their win.

13  
14   Section 3: The Kentucky Government and The Kentucky Lottery Corporation Board of Directors will enforce  
15   this bill.

16  
17   Section 4: The cost of funding for this bill is nothing.

18  
19   Section 5: The first offense of letting information pertaining to the winner without their consent will cause  
20   a three-month suspension in the company lottery privileges. The second offense will result in suspension of  
21   the company lottery license for good.

22  
23   Section 6: All laws or parts of laws in conflict with this bill are hereby null and void.

- 1           An act to require all Kentucky high school students to complete one civics course before graduation.
- 2
- 3                           **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**
- 4
- 5   Section 1: Civics is the study of the rights and duties of citizenship. It is important because it focuses on the role
- 6   all citizens have in government. The goal of a civics class is to get students engaged in their society.
- 7
- 8   Section 2: This bill will add a civics class into Kentucky's requirement for graduation. It will make one of the
- 9   already required social studies credits a civics course.
- 10
- 11   Section 3: Kentucky currently requires three unspecified social studies courses to graduate. This bill would
- 12   ensure that one of those courses is a civics course.
- 13
- 14   Section 4: The curriculum will include the study of the various aspects of citizenship, as well as, a citizen's
- 15   rights and duties. It will focus on preparing students to be voters, jurors, and productive members of their
- 16   community.
- 17

1                   An Act Relating to the Establishment of Bee Sanctuaries in the State of Kentucky

2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: This bill shall establish bee sanctuaries in the Commonwealth of Kentucky by encouraging landowners to  
6   set aside a portion of their land for bee sanctuaries.

7  
8   Section 2: In the United States, the population of bees has declined at an alarming rate due colony collapse  
9   disorder. Unlike bees native to North America, honeybees will pollinate all major crops. In 2016,  
10   beekeepers reported losing 45% of their hives over the winter. Honeybees pollinate approximately \$265  
11   billion dollars in crops each year in the United States. Without an adequate population of honeybees,  
12   agriculture in the Commonwealth could face severe financial losses.

13  
14   Section 3: Landowners shall be encouraged to establish bee sanctuaries through an income tax credit. If a  
15   landowner sets aside 1.5 acres of land as a bee sanctuary, the owner will receive \$1,200 dollars as an  
16   annual income tax credit.

17  
18   Section 4: In order to establish a bee sanctuary, a landowner must set aside a 1.5-acre piece of land with  
19   varied plant life within the sanctuary. Furthermore, the landowner must independently purchase at least  
20   one bee hive or 2 nucs (smaller colonies). Finally, the use of pesticides or herbicides within the sanctuary is  
21   prohibited.

22  
23   Section 5: The Department for Environmental Protection shall establish reasonable standards for the  
24   certification of bee sanctuaries under the requirements in section 4. Only certified sanctuaries shall be  
25   eligible for the tax credit.

15 graduation requirements. 9-12 students will complete EOC (End of Course) exams mandated by the state.  
16 Local school Board will charge a fee of 50.00 to administer the exam.

17  
18 Section 4: If students fail to meet benchmarks in any area of the PSAT or CERT or ACT students will need  
19 to re-do course work in the identified areas.

20  
21 Section 5: Students will receive diploma upon completing of 704 KAR 3:305 requirements with a passing  
22 grade.

Section 1: A new section will be added to KRS Chapter 158.6453 Section 18 B and it reads as follows: (1)All high school students in Kentucky shall be required to pass two terms of practical living classes in order to graduate. (2)Practical living classes in Kentucky high schools will include culinary skills in their curriculum. How kitchen equipment works as well as safety in the kitchen will be mandatory to be taught for this portion of the class. (3)Practical living classes in Kentucky high schools will include Cardiopulmonary Resuscitation (CPR) in their curriculum. (a) Basic CPR skills and when/how to apply it in any situation will be mandatory to be taught for this portion of the class. (4)Practical living classes in Kentucky high schools will include economic and business skills in their curriculum. The skill of balancing checkbooks as well as operation of bank accounts will be mandatory to be taught for this portion of the class.

Section 2: This act takes effect in the 2019-2020 school year.

1                   An Act Relating To changing the age of obtaining instructional permits for driving.

2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: This amendment proposes that teenagers will be able to obtain an instructional driver’s permit at the  
6   age of fifteen (15), an intermediate license at the age of sixteen (16), and an operator’s license at sixteen and a  
7   half (16.5).

8  
9   Section 2: In section one of KRS 186.450 it states that anyone who is at least sixteen (16) years of age  
10   may apply for an instruction permit to operate a motor vehicle. This amendment would lower the age  
11   requirement to fifteen (15). Section 3 (b) states that anyone who has obtained a permit must wait a  
12   minimum of one hundred eighty (180) days to apply for an intermediate license and shall have this license  
13   for one hundred and eighty days until getting an operator’s license. This act would change the time  
14   between the permit and intermediate to three hundred sixty-five (365) days, but the time period between  
15   the intermediate license and the operator’s license would remain one hundred and eighty (180) days.

16  
17   Section 3: Section seven (7) of KRS 186.450 declares that any conviction for a moving violation shall add  
18   an additional minimum of one hundred eighty (180) days from the date of the violation before any person  
19   under the age of eighteen (18) may apply for an intermediate license. This would be changed to a penalty  
20   of ninety (90) additional days before the person can apply for an intermediate license, not just from the  
21   date of the violation.

22  
23   Section 4: This bill will be enacted upon passing.

1                                    An Act Relating To Universal Childcare in the Commonwealth of Kentucky

2  
3                                    **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5    Section 1: Approximately \$6000 to \$9000 per year is spent per child on childcare in Kentucky. This creates an  
6    economic hardship for families in the Commonwealth. This amount translates into 20% of a family's yearly  
7    household income paying for childcare.

8  
9    Section 2: This bill would allow parents and guardians in the Commonwealth to receive assistance in  
10    childcare for their dependent children from birth to age five. The program will be overseen by the Cabinet  
11    of Health and Family Services. Parents and guardians can apply for the assistance as needed. Child care  
12    facilities would need to be registered through the Cabinet in order to receive assistance.

13  
14    Section 3: This program will be funded by fees collected from the Transportation Cabinet. When registering  
15    a motor vehicle, a portion of the collected fee (\$3.00) will be given to the Cabinet for Health and Family  
16    Services only for use on Universal Child Care.

17  
18    Section 4: This bill will go into effect January 1, 2019, upon passage.

1 An Act Relating To

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: What is your reaction when looking over at a friend who has bruises? How would you respond when a  
6 peer or classmate of yours is acting in a different way than they would typically act? Often, these are common signs  
7 that a student is being abused. In 2016, there were 7.4 million reports of child abuse. In 2014, there were 702,000  
8 reports of child abuse, which is enough to fill up 10 modern football stadiums. It is also said that a report of child  
9 abuse is reported every 10 seconds! Four main types of abuse are sexual, physical, medical, and emotional.  
10 Unfortunately, many students come to school that have been physically harmed, have been forced to participate in  
11 sexual activity against their will, have not been taken care of while sick, just left to fend for themselves, or have  
12 been experiencing neglect .

13  
14 Section 2: We believe that students should know what these signs/symptoms are so they will be given a  
15 way to know if they are being abused themselves, or to help a friend or peer that is being abused. With our  
16 bill, children will be educated on this topic and help make a difference on what is going on in their life or  
17 their peer's lives. We propose that all middle and high schools in the state of Kentucky require students to  
18 watch a yearly video concerning child abuse. This video will include the symptoms of child abuse, meaning  
19 the way kids act or look after experiencing child abuse and a way to contact someone to report any type of  
20 abuse happening to you or a friend/peer.

21  
22 Section 3: Child abuse signs are sometimes hard to notice. This video will open a student's mind and show  
23 them what they can do to make a difference. The production of this video will be done by local social  
24 workers. This way it'll be what the students in that specific area may experience and how their fellow  
25 peers can do something about it. It will also include stories of real but anonymous child abuse experiences  
26 and how it was able to be resolved.

27  
28 Section 4: This bill will go into action in September of 2019, the start of the next school year.

Section 1: With this bill we plan to end Kentucky's participation in daylight saving time. Currently we change our clocks an hour ahead - losing an hour of sleep - in the spring to make "better use of daylight." However, this process is severely outdated and it has been proven that it really does not provide any benefits in the modern day world. Daylight saving time originated over 100 years ago and was intended to save fuel and energy during World War I. Because modern society is much different from the early 20th century, studies have shown that daylight saving time does not save energy. Daylight saving time is scientifically proven to cause many health related issues and more traffic related deaths. Specifically, there is a 6.3% increase in traffic fatalities - deaths - as well as a 24% increase in heart attacks the first week of daylight saving time.

Section 2: The Commonwealth of Kentucky would not participate in daylight saving time anymore. This simply means that in the spring we would not set our clocks an hour forward and we would remain on standard time. The states of Arizona and Hawaii already do not participate and there have been no major negative effects in these states.

Section 3: There is no significant cost to this bill. News companies would publicize to people living in Kentucky to not set their clocks an hour ahead in the spring. Technology companies would also have to make sure that all electronic devices that automatically set the time ahead for daylight saving time would be programmed not to do so.

Section 4: This bill will take effect in Spring 2019.

1                                   An Act To implement More School Resource Officers in Schools K-12 In Kentucky

2

3                                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5   Section 1: More school resource officers should be implemented in all levels of schooling throughout Kentucky.

6   According to CNN News "There has been, on average, one school shooting every week this year, in schools all over

7   the United States."; one of these shootings being in Benton, Kentucky at Marshall County High School. In this

8   incident, 16 were injured and two were killed. Many more of these devastating shootings have been occurring more

9   frequently throughout our country. Because of these shootings many students, teachers, and parents have been

10   terrified to go to school and send their children to school, fearing that their students won't make it home.

11

12   Section 2: School should not be a place we fear to go to, but rather a place we feel the safest in. By

13   implementing more school resource officers into schools of all levels; we can lower the risk of shootings in

14   Kentucky, make school a safer learning environment once again, and be more prepared for when events like

15   these occur in the future. This bill will only affect public and charter schools. The reason being is that only

16   6 percent of private schools are affected by gun violence. That remaining 94 percent of schools affected by

17   gun violence go to both public and charter schools. The number of resource officers per school will vary

18   depending on the population size. Currently, most high schools in Kentucky have one resource officer while

19   middle schools and elementary schools have none. Even having just one in high schools still isn't enough.

20   This has been proven by the multiple school shootings that have occurred. School resource officers have

21   been unable to handle these incidents alone.

22

23   Section 3: School resource officers will be armed just like your normal city police. They will be well trained

24   and carefully selected, so the best most professional officers are in our school communities. Their service

25   records should contain no disciplinary actions or complaints regarding youth, and they should be good with

26   the students and have a good connection with them. After all, they will have to defend and risk their lives

27   for these students. School resource officers will be paid just like any other police officer. They will be

28   getting paid by their police department or agency, which is funded from taxes. This bill will apply to all

29   public and charter schools in Kentucky. As you can see by placing more officers in schools K-12 in

30   Kentucky, we can take back our safe, secure schools once more.

31

32   Section 4: This bill will take effect in the school year of 2020-2021.

1           An act to require all middle school students taking high school courses to earn KEES money

2

3                           **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5   Section 1: Section 1: Many middle school students work very hard to earn good grades. KEES or Educational

6   Excellence Scholarship money would allow students taking high school courses the opportunity to earn money for

7   their college education for their good grades. Many middle school students work diligently to earn good grades and

8   take honors classes to further prepare themselves to be successful in college and future careers. KEES or Kentucky

9   Excellence Scholarship money is given to high school students based on their GPA and ACT points. However, middle

10 school students are not given the same opportunity when taking the exact same classes as high school students,

11 learning the same content

12

13   Section 2: Section 2: We are proposing this bill because many middle school student work very hard to earn

14   their academic achievements putting them in high school courses. However they do not get the same

15   opportunity to earn money because of their high GPA as the high schoolers taking the exact same classes.

16   We are proposing this bill so that the many middle school students that work hard for their academic

17   achievements are given the same opportunities as high school students to earn KEES funding to pay for

18   their college.

19

20   Section 3: Section 3: We are going to create a lottery ticket for the state of Kentucky for middle schools. All

21   money that comes from the tickets will go into KEES money for middle schoolers taking high school classes.

22   The funding already comes from the lottery but if we make a ticket just for middle school KEES money there

23   will be a major increase in the amount being gained. We will create a specific lottery ticket designed for

24   Kentucky middle school students. All revenue from this specific ticket will go to KEES money for middle

25   school students taking advanced placement and honors classes at the high school level.

26

27   Section 4: Section 4: This bill will be funded by the Kentucky Lottery which supports the Kentucky

28   Education systems and major commitment to Kentucky students.

29

7  
8   Section 2: This bill will ensure that no accused person that poses a public threat will be able to escape  
9   from the law just because they are wealthier than the average person in Kentucky. The judge will determine  
10   who is allowed to be released before trial, using an algorithm based on the prosecuted?s legal history,  
11   whether he/she will come to the trial, and how much of a threat they are to the society, without the option  
12   for the prosecuted to pay off bail.

13

1                                   An Act Relating to the Requirement of Sleep Sensors for Infant Mattresses

2  
3                                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: In 2016, there were approximately 3,600 sudden unexpected infant deaths (SUID) in the United States.  
6   These are deaths of infants less than 1 year old that have no obvious cause. These deaths are classified as SIDS  
7   (Sudden Infant Death Syndrome), accidental suffocation and no known cause. This bill will seek to reduce the  
8   number of infant deaths due to accidental suffocation and the possible underlying causes of SIDS by requiring a  
9   monitoring device to be installed in all infant mattresses. Sudden Infant Death Syndrome is unexplained by doctors  
10   or experts, but most agree on steps that can be taken to help reduce chance a baby will die. Having crib mattresses  
11   that include built-in monitors that tell you if the baby has rolled over, if the weight in the mattress has changed  
12   (showing that additional items may have been placed in crib), if the baby is overheating or if breathing has changed  
13   will help prevent deaths.

14  
15   Section 2: Section 2: This bill will require that manufacturers of baby crib mattresses will begin adding  
16   sensors that will monitor infant?s movements, oxygen levels and weight. The sensor production in  
17   mattresses will be monitored in the same way that infant mattresses are currently monitored by the  
18   Consumer Product Safety Commission. The companies will be allowed to phase in the production of the  
19   sensors over the first five years the bill is in effect.

20  
21   Section 3: Over the five years of phasing in the sensors, part of the increase in the costs of the sensors  
22   will be offset by tax credit on the company?s state income tax. A part of the manufacturing cost will also  
23   be added to the sale price of the mattresses. Penalties: The mattress manufacturing company will have to  
24   pay a \$50,000 fine for the first business year that they do not begin phasing in mattresses with a sensor.  
25   The second time the company does not manufacture any mattresses with a sensor they will be fined  
26   \$100,000. This penalty will continue to increase and eventually a company may not be able to make  
27   mattresses.

28  
29   Section 4: This bill will go into effect 18 months after passage.

1           An act to require public school students to enroll in an extra-curricular activity for one semester  
2  
3                           **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**  
4  
5   Section 1: Obesity has been an issue in the United States for decades. Kentucky is ranked third in the U.S for  
6   childhood obesity with 19.3 percent. Kentucky also has high percentages of middle school students with mental  
7   health issues. This bill would require that schools provide an opportunity for each student to participate in an  
8   extra-curricular or enrichment activity for one semester per year. Requiring after school activities/clubs will help  
9   reduce the percentages of students with obesity and mental illness issues. Exercise and adding on to your  
10   knowledge is always a good thing. It helps students feel good, and give them the confidence to take on stronger  
11   challenges in class. Many kids don?t enjoy sports and prefer to further their knowledge in other areas such as  
12   computer design, biology, engineering, etc. These clubs can help raise students? self-esteem and lower the chance  
13   of depression.  
14  
15   Section 2: Each school district will be able to design and personalize the clubs and activities in the way  
16   that best suits their students? needs and wants. Students would stay at school on the of the clubs or meet  
17   at another time during the week, if needed. It will be required for at least one day per week. The district  
18   will have to send their club/activity schedule to the Kentucky Board of Education for approval.  
19  
20   Section 3: Schools that do not follow the specific rules would lose funding from the state. Students will pay  
21   a small fee at the beginning of the year, unless they get financial aid from the school. School districts  
22   would be assisted by the overseeing committee to search for business partnerships and federal/state  
23   grants.

1 An Act to Require All Public Schools in Kentucky to Teach Sexual Harassment and Assault Prevention to  
2 Students in Seventh and Eighth Grade.

3  
4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

5  
6 Section 1: In the Commonwealth of Kentucky, seventh and eighth grade students have little knowledge about  
7 sexual harassment or assault. This bill will allow students to have more information about how to protect  
8 themselves against sexual predators.

9  
10 Section 2: The teaching of this course would include what qualifies as sexual assault and harassment, what  
11 qualifies as consent, statistics about sexual assault, and what students can do if it is happening to them.  
12 Teachers would be required to take a certification course before they can teach the content to students.  
13 Schools must get consent from parents.

14  
15 Section 3: Once the course is complete, students must sign verifying they participated in the course. If the  
16 course is not taught, the first offense would be \$400 per school. The second offense would be \$500. If the  
17 school continues to refuse to teach their students this course, the principal will be put on probation for  
18 one school year.

19  
20 Section 4: This bill will not cost any money.

21  
22 Section 5: Each schools' principal will report to the Department of Education who will enforce this bill.

Section 1: This bill will make a school week four days long instead of the current five days. This will support the students and schools for many reasons. The conduct will improve, the schools will save money because of utilities going down, and everyone will be happier with a three-day weekend. Teachers will be more willing to teach in Kentucky because they know that they will have a guaranteed three -day weekend every week. The school day will extend for an additional hour each day to make-up for the day missing.

Section 2: The Kentucky Department of Education will enforce this bill.

Section 3: If a school district refuses to change their week, they will be given a three month window to change their schedules. If they still do not enact this bill, they will be fined \$2,000 per month until they change their schedules.

Section 4: This will go into effect the following school year, 2019-2020. This will give the district time to make changes and adapt to the school schedule.

An Act to post blood types on Kentucky driver's licenses

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

Section 1: This bill will benefit Kentucky because if someone is in a car wreck and are losing blood, the first responders will immediately know what blood type they are when they see their license for identification. This will allow them to immediately begin treating and saving lives.

Section 2: The Kentuckian will be given a quick finger prick test at their local license department. This will be a \$25 cost when you are getting your license either renewed or getting your license originally. All will have to have this done within the next year or when their license is renewed.

Section 3: The Department of Motor Vehicles will enforce this bill.

Section 4: If this is not done within the time allotted, this will just be an added penalty/fine when an officer pulls over someone. The penalty will be determined by the police officer.

Section 5: This bill will go into effect on January 1, 2020.

Section 1: Section 1: A New Section of KRS Chapter 141 Is Created To Read As Follows: This bill offers an incentive in the form of tax credits to businesses with perishable foods when they donate food that has passed the "Sell By" date but before the expiration date to food banks every other day of the year.

Section 2: Section 2: The amount of tax credits is 10% of the value of the food that is given.

Section 3: Section 3: A "Sell By" date is a date printed on food packaging by the producer to ensure the food is sold in stores for peak freshness. However, almost all food can be consumed well after the "Sell By" date, with the exception of baby formula. All perishable food, with the exception of baby formula, will be accepted in donation and will be included in the total value.

Section 4: Section 4: The collection of perishable foods will occur every other day of each month and will only include food past the "Sell By" date, but before the expiration date.

Section 5: Section 5: This bill will go into effect in January of 2020.

1                   An Act Relating To The Possession Of Naloxone By Kentucky Police Officers At All Times.

2

3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5   Section 1: Section 1: A NEW SECTION OF KRS CHAPTER 95 IS CREATED TO READ AS FOLLOWS: This bill requires

6   all police officers in Kentucky to carry Naloxone with them at all times.

7

8   Section 2: Section 2: One of the many Naloxone supplying companies will supply the commonwealth with

9   the drug. The drug will then be supplied evenly to each of the police departments throughout the

10   commonwealth. Each officer will report to the department before their shift to collect the 3 doses of

11   naloxone to carry with them while on their shift.

12

13   Section 3: Section 3: The drug, Naloxone, will be paid for by the government of the commonwealth, and the

14   government will later be repaid by the recipient of the drug. If the recipient is not able to to pay for the

15   drug, the government will give them a loan to help pay for it. They will pay the money loaned to them back

16   over time.

17

18   Section 4: Section 4: One dose is given to each recipient, and if the recipient isn't responding to the drug in

19   under five minutes, the officer will administer one more dose. The average person needs 2-3 doses for the

20   overdose to subside.

21

22   Section 5: Section 5: As a consequence of not paying the money loaned, the recipient will be required to do

23   a number of service hours mandated by the government. The number of hours will dependent on how many

24   doses the recipient needed to be revived.

25

26   Section 6: Section 6: This bill will go into effect on the 1st of March, 2019.

1 An Act Relating To all Kentucky schools to have trained school resource officers to every school/campus  
2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**  
4  
5 Section 1: Our bill will require for all schools to have at least one school resource officer on the campus/school  
6 during school hours.This will ensure better school safety and preventing school shootings as you know what  
7 happened at Marshall County high school, as of Courier Journal there was not a police officer on campus at the time  
8 the time the shooting took place. 14,000 to 20,000 SROs are currently in service nationwide. Approximately 20%  
9 of pubic and private schools in the US have a SRO on school property. There are approximately 271 SROs out of  
10 1,568 schools in Kentucky. As you can see many don?t have SROs.  
11  
12 Section 2: SROs will go through regular academy trainings. According to www.lawenforcementEDU.net for  
13 you to go to Academy Training you do not have pay for it. Some of the things that you will have to do are  
14 Approximately 32-33 weeks in length. You have to meet all the qualifications to be a police officer. You  
15 need a high school diploma. As well as being 21 years of age. The SRO will patrol the school throughout  
16 the school hours.  
17  
18 Section 3: The police department that you are working at will pay you a regular salary as if you were  
19 working at the department, which the average is \$49,150 as of September 1, 2018.  
20  
21 Section 4: This bill will go into effect 30 days after its approval.

1 An Act Relating To An act relating to require all middle and high schools in Kentucky to have an agricultural  
2 class as an elective.

3  
4 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

5  
6 Section 1: Currently there is no law requiring Kentucky schools to have an agricultural class. If this bill went into  
7 effect a class would be added to all Kentucky schools as an elective option.

8  
9 Section 2: It is required to participate in Future Farmers of America (FFA) to be enrolled in at least one  
10 agriculture class. If Kentucky schools were required to provide one of these classes, kids who wanted to  
11 participate in FFA would have not have to go through the trouble of finding a class to enroll in. FFA is  
12 known to give out outstanding scholarships and many Kentucky schools are missing out on these.

13  
14 Section 3: In order to put this class into effect a teacher who is science certified and/or interested in  
15 agriculture would be in charge of the material taught in this class. PTO and/or grants would pay the  
16 teacher who taught this class.

17  
18 Section 4: This would apply to all middle and high schools in Kentucky

19  
20 Section 5: This bill will go into effect August 8th of 2019.

1 An Act Relating To encourage cities to initiate the non-emergency service number (3-1-1).

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: 3-1-1 is a non-emergency service number that is used to notify local authorities of second hand  
6 emergencies. Examples of this type of emergency would be a road blockage, power outage, graffiti removal,  
7 potholes, or broken traffic lights. 3-1-1 is used in over 100 cities in the United States and Canada, and other non-  
8 emergency numbers are used in areas such as Finland, Germany, and Latin America.

9  
10 Section 2: This bill would permit Kentucky to help 5-6 cities at a time acquire the 3-1-1 number by giving  
11 them tax breaks, and also by granting them the employees that are necessary. A year after the initial 4-6  
12 cities are helped to acquire the 3-1-1 number, the state will assist another 5 or so cites, and this will  
13 continue until they receive enough technical assistance and research for the whole state to have access to  
14 3-1-1.

15  
16 Section 3: 3-1-1 will be under the same management as 9-1-1 (Federal Communications Commissions), but  
17 9-1-1 would always be more important than 3-1-1. If a Call Talker is on the phone with someone who  
18 called 3-1-1, the 9-1-1 number is called, and no other employees are available to answer the 9-1-1 call,  
19 then the 3-1-1 call would be asked to hold.

20  
21 Section 4: The goal of this bill is to eliminate unnecessary 9-1-1 calls, and to ensure that all mandatory 9-  
22 1-1 calls are answered and responded to as quickly as possible. Any funds that are saved from eliminating  
23 the misuse of 9-1-1 will be used to fund 3-1-1, and any other funds needed would be provided from SLC,  
24 or Subscriber Line Charges.

25  
26 Section 5: If 9-1-1 continues to be called for non-emergency purposes, the caller will be fined. The  
27 government will have the final say in the punishment, but the initial punishment will be a \$350 dollar fine,  
28 and the amount of the fine will increase or decrease acc

29  
30 Section 6: This bill will lower the amount of unattended emergency calls, causing lives to be saved. Once all  
31 of the state of Kentucky has a 3-1-1 number, they will be more efficient, and hopefully the rate of  
32 uncaptured criminals will decrease dramatically.

33  
34 Section 7: This bill will go into effect on July 31, 2019.

1 To An act to require All Kentucky Public Schools to provide Kentucky Proud Products in their Meal Programs

2

3

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5 Section 1: This bill will require that all Kentucky public schools serve meals containing a minimum of 75% Kentucky  
6 Proud products using locally grown produce, meat, and dairy products. Kentucky Proud means any products raised  
7 and grown in Kentucky. This would include fresh, locally grown fruits like strawberries, apples, blackberries, pears,  
8 plums, melons and peaches, and vegetables such as corn, potatoes, squash, tomatoes, onions, lettuce, and beans,  
9 as well as locally raised beef and poultry and locally made milk and cheese.

10

11 Section 2: Upon implementation of the Act, all public school meals would be required to serve 75%  
12 Kentucky Proud products and 25% products from other areas of the country. This will benefit students by  
13 serving healthy, fresh food from local farms and will benefit Kentucky farmers by keeping money in our  
14 state. This will also help keep students healthier by not serving canned or processed food that contains too  
15 much sugar, salt and fat.

16

17 Section 3: This bill will require no additional funding when school systems apply and receive grant funding  
18 from programs such USDA Farm to School Grant Program or the USDA Fresh Fruit and Vegetable Program.  
19 Money received from these grants will be used toward the purchase of Kentucky Proud food. Current  
20 school food budgets will remain the same, but money will just be reallocated to local Kentucky Proud  
21 farmers, instead of bulk purchases of canned or processed foods. This bill will go into effect on July 1,  
22 2019.

1           An Act Relating to Kentucky Schools Making Bottled Water Available to Students During School Meals  
2  
3                           **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**  
4  
5   Section 1: Section 1: This bill will provide students with bottled water during all school meals. Rather than only  
6   being offered milk as a drinking option, students will have access to free bottled water as a healthy alternative.  
7  
8   Section 2: Section 2: This is a necessary alternative for students who do not receive adequate hydration  
9   throughout the school day. This lack of hydration can lead to many various physical and mental health  
10   issues. While some may argue the fact that schools are equipped with water fountains that students have  
11   constant access to, the amount of bacteria found on school water fountains along with the harmful  
12   contaminants that could be ingested through unfiltered water are risks and deterrents from consuming this  
13   water.  
14  
15   Section 3: Section 3: An increase in the amount of water students drink each day include: - better pH  
16   balance - increased energy levels and metabolism - decreased cardiovascular disorders - improved immune  
17   systems - prevents side effects of dehydration The benefits from drinking an adequate amount of water  
18   each day would lead to healthier students, healthier families, and a healthier Kentucky.  
19  
20   Section 4: Section 4: This bill will be funded through a school health initiative grant from "Game On Grants".  
21   The grant will provide all Kentucky schools with the funds to incorporate bottled water as a drinking option  
22   during breakfast and lunch. This law will be enforced by The Kentucky Department of Education National  
23   School Lunch Program.  
24  
25   Section 5: Section 5: This bill will go in effect in August 2019.  
26
