

★ Staying Civically Engaged – Virtually ★

As we continue to social distance, it's more important than ever to stay connected and get students registered to vote!

How to Hold an Online Voter Registration Drive:

- **Pick a date for your drive** and sign up on [Inspire2Vote's website!](https://www.inspire2vote.org)
- Students register to vote at www.inspire2vote.org/register. They start there so their registration will count towards the Georgia Davis Powers Award. Students can also text to register to vote! Text "Register" to 769-957-9224
- **Promote your Event. Have fun with technology!**
 - Create videos **about voting** and share with students
 - Create IG posts linking students to online registration
 - Share on socials: www.inspire2vote.org/ky for KY voting and ballot information!
- Check out [this presentation](#) on **how to hold a virtual drive**, it also has all the links and information you need to share with students!
- Involve your **Student Y Advisor** or favorite teacher!
 - Ask them if you can use the first **5-10 minutes of your virtual class** to have all students register to vote together!
 - Draft up a fun email with **videos, graphics, links**, etc. and ask them to send it to all their students
- **Educate students about voting** they should take advantage of absentee ballots and early voting
- If you are able to hold an **in-person drive, Inspire2Vote will send you supplies.**

Students who are 18 by November 3 can register to vote.
