# OUR MISSION

## YMCA OF THE USA MISSION STATEMENT

To put Christian principles into practice through programs that build healthy spirit, mind, and body for all.

## CORE VALUES

Honesty  
Caring  
Respect  
Responsibility

## KENTUCKY YMCA MISSION STATEMENT

To develop engaged citizens and servant leaders inspired to affect change in their school, community, Commonwealth, nation, and world. Through experiential learning, service, and community activism, the Kentucky YMCA Youth Association fosters critical thinking, leadership, and social responsibility in teens.

## AREAS OF FOCUS

**Youth Development**  
Nurturing the potential of every child and teen

**Healthy Living**  
Improving the nation's health and well-being

**Social Responsibility**  
Giving back and providing support to our neighbors

## YOUTH DEVELOPMENT AT THE YMCA

Kentucky YMCA Youth Development is the **social-emotional**, **cognitive**, and **physical** process that all youth uniquely experience from birth to career. A successful development process fulfills children and teens' innate need to be loved, spiritually grounded, educated, competent, and healthy.

Positive youth development is supported by the intentional efforts of individuals, including parents, mentors, teachers, community members, peers, and others who help foster the skills needed for successful living through motivation, active engagement, enriching activities, and healthy relationships.

## DIMENSIONS OF WELL-BEING

At the Y, we support youth development by fostering nine dimensions of well-being: Character, Giving, Inspiration, Health, Achievement, Relationships, Belonging, Meaning, and Safety.

Youth Development at the Y emphasizes three of these dimensions when measuring the impact and effectiveness of our programs:

**Achievement**  
**Relationships**  
**Belonging**

## THE FIVE PILLARS

To help ensure the fidelity and quality of our YMCA teen programs, we measure and seek to maximize impact using the following pillars:

**Academics**  
**Positive Relationships**  
**Positive Identity**  
**Life Skills**  
**Civic Engagement** (Youth and Government\*)

\*Each YMCA teen program has a unique pillar of measurement. As a Youth and Government program, the Kentucky YMCA and our Student YMCA Chapters measure civic engagement.

# UN UNIVERSAL DECLARATION OF HUMAN RIGHTS

## **Preamble**

Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world,

Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people,

Whereas it is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law,

Whereas it is essential to promote the development of friendly relations between nations,

Whereas the peoples of the United Nations have in the Charter reaffirmed their faith in fundamental human rights, in the dignity and worth of the human person and in the equal rights of men and women and have determined to promote social progress and better standards of life in larger freedom,

## BEING RECOGNIZED TO SPEAK

Any time you wish to speak during debate, you must do the following:

1. Raise your Placard.
2. If the Chair points at you, you are being recognized to speak.
3. Walk to the podium/microphone - you may have to wait in line to speak. When it is your turn, say the following:

\_\_\_\_\_, representing  
Your Full Name  
\_\_\_\_\_, \_\_\_\_\_  
Your Country Your School

4. What you say next depends on what you are wishing to do:

Ask a Non-Debatable Technical Question (NDTQ):

...(Ask your question).

Speak during Pro/Con Debate (1-minute speeches):

...I rise to speak in (favor/opp.) of this resolution.

Optional - before starting your speech, you can also choose ONE (1) of the following options. If you are yielding, the other Ambassador must be with you:

...I rise to speak in (favor/opposition) and reserve my right to yield to the Ambassador from (Country).

...Will the Sponsors yield to a (question/series of questions)? I also reserve my right to...

...speak afterward.

OR

...yield to the Ambassador from (Country).

5. When you are done speaking, you either yield your time to the Chair, or yield your time to the Ambassador you designated:

I yield my time to the Chair.

OR

I yield my time to the Ambassador from (Country).

## NON-DEBATABLE TECHNICAL QUESTIONS

An NDTQ is a question of fact - questions that can be answered with yes, no, or evidence such as research/stats. They are "non-debatable." You cannot respond after Sponsors answer your question.

If the Chair believes your question is debatable, it will be called out of order and the floor will move to the next question.

### Sample Technical Questions

- Where did you get your research?
- Which countries will this impact?
- How will the UN fund this?

### Sample Debatable Questions

- Isn't this bad for Europe?
- Why is this good for the UN?
- Won't this be too expensive?

## PRO / CON DEBATE

During Pro/Con Debate, in addition to (or instead of) speaking, you can also do either of the following if you reserve your right:

### Ask a Question or Series of Questions

Ambassadors may use part or all of their time to ask the Sponsors a question or series of questions, any of which can be debatable.

Answers by the Sponsors are included in your 1 minute - if you are satisfied with a response, you can pause them, thank them for their answer, and move on to another question or to speaking/yielding.

### Yielding

Ambassadors may also yield part of their 1-minute Pro/Con speech to one other Ambassador. You must reserve the right to yield before you begin speaking, and the Ambassador you yield to must be with you.

### Motions and Amendments

Though an important part of the debate process, no motions or amendments will be recognized at KUNA due to time constraints.

The General Assembly,

Alarmed by Myanmar’s discriminatory laws and military campaigns against the stateless Rohingya Muslim ethnic group, of which have forced members of the ethnic group to flee to neighboring Bangladesh from the Rakhine state of Myanmar,

Recognizing that being stateless and forced relocation of approximately 1800 Rohingya Muslims to the island of Bhasan Char in Bangladesh is a violation of articles 13 and 15 of the Universal Declaration of Human Rights,

Recalling relevant resolutions of the General Assembly 75/238 of 31 December 2020, 73/296 of 28 May 2019 discussing the basic human right that all are endowed to practice any religion they so choose without hindrance by government and how the Rohingya are being denied this right,

1. Recommends that the United Nations allocate approximately \$15 million (USD) to Bangladesh to expand their refugee camps and/or urban areas to prevent the relocation of Rohingya Muslims to Bhasan Char;
2. Requests that the United Nations Humanitarian Response Depot (UNHRD) sends emergency first-aid kits, food, and equipment to both Bangladesh and Myanmar to aid in the refugee crisis;
3. Calls upon the United Nations High Commissioner for Refugees (UNHCR) to work with the UNHRD to ensure that these refugees are given basic human necessities to survive and to work towards giving them citizenship in either Bangladesh or Myanmar;
4. Further requests that the UNHRD distribute emergency supplies by 31 May, 2021 and the UNHCR resolve the statelessness of the refugees by 1 January 2024;
5. Urges Bangladesh to work with the United Nations Human Settlements Programme (UN-Habitat) to establish urban areas for the Rohingya refugees to provide better sanitation among the Rohingya rather than keeping them in run-down refugee camps.

1. Recognizes the particular challenges that may be faced by small, vulnerable economies to fully benefit from the multilateral trading system in a manner commensurate with their special circumstances, and in this regard encourages progress in the implementation of the World Trade Organization work programme on small economies, as mandated in the 2001 Doha Ministerial Declaration and the 2005 Hong Kong Ministerial Declaration, which supports their efforts towards sustainable development, and of the outcome document of the third International Conference on Small Island Developing States, held from 1 to 4 September 2014 in Apia;

9. Further requests that when the resolution is proposed and voted on, a supermajority of two- thirds (2/3) or sixty-seven percent (67%) of nations or representatives present must vote 'yea' in order for the resolution to pass;

The General Assembly,

Fully aware that the Republic of the Congo has 5.261 million people living in the country, their physician to resident ratio is 20 to 100,000 people. The capital, Brazzaville itself, has a population of 1.8 million. In Brazzaville, there are 20 hospitals, and only 7 of the facilities are above a 3.0 star rating. The Republic of the Congo faces many death-causing illnesses. Such as Malaria, Tuberculosis, Intestinal Parasites, Yellow Fever, Leprosy, and most importantly HIV/AIDS. Many of the hospitals in the Republic of the Congo require direct payment, which is a serious issue due to the vast amount of poverty.

1. Calls upon the UN to provide assistance to improve the healthcare facilities throughout the country;
2. Authorizes funding to implement better strategies to provide proper sanitation, hoping to lower the amount of people who are affected by the stated diseases;
3. Endorses the purchase of additional beds for the hospitals to allow more people to be treated;
4. Affirms that with these changes, the health of the population should gradually become better.

Monthly Inspections in Cuba’s Prisons

1  
2  
3 The General Assembly,  
4  
5 Deeply disturbed by the reported unethical treatment and living conditions of imprisoned persons in Cuba’s prisons,  
6  
7 Noting that one of the only groups allowed in a Cuban Prison for inspection was a group of New Yorkers working in  
8 the field of criminal justice reform and Soffiyah Elijah (executive director of the Correctional Association (CA) of New  
9 York), in 2016,  
10  
11 Reaffirming that all prisons must comply with the United Nations Standard Minimum Rules for the Treatment of  
12 Prisoners (the Nelson Mandela Rules),  
13  
14 Taking note that prisons all around the world have had reports of human rights violations but have little to no  
15 reports of any inspections taking place in these prisons,  
16  
17 Convinced that if alleged violations of human rights in Cuba’s prisons go unchecked they will lead to much more  
18 disturbing consequences,  
19  
20 1. Calls upon the World Health Organization (WHO), with the help of the Joint Inspection Unit (JIU), to send  
21 1-2 trained inspectors to inspect the sanitation and safety of prisons in Cuba that are owned by the Cuban  
22 government. The inspector(s) are already trained in sanitation and safety inspection. This is volunteer work  
23 so any payments;  
24  
25 2. Requests that 9 adult prisons be inspected annually. All inspected prisons will be Cuban owned and within  
26 Cuba. This resolution will exclude labor camps, detention camps, and other detention facilities on Cuba’s land  
27 but not Cuban owned. For example: Guantanamo bay will not be included in this resolution as it is US owned;  
28  
29 3. Requests that finalized reports gathered from these inspections get sent and discussed with Cuba’s  
30 Judicial branch of government and Cuba’s Health Department;  
31  
32 4. Requests \$100,000 from the UN’s total 2021 budget, to cover traveling and hotel expenses. If this  
33 resolution is passed, we are asking for 3.33% of the UN’s total budget each year to continue covering  
34 expenses for the hotel stays and traveling expenses of the inspector(s).

The General Assembly,

Recognizing that air pollution is damaging human health and the environment. Estimations show that air pollution in Denmark can cause health problems that result in up to 3,400 premature deaths per year.

Confident that these steps taken by Denmark can reduce air pollution throughout the country,

1. Calls upon Denmark’s government to develop cheaper and more effective emission blockers for factories and push the wind island plan. There are a few emission blockers that can be used, the most effective one being an air scrubber. The use of air scrubbers can reduce about 90% of airborne microorganisms and each scrubber costs about \$5000. The wind island plan will construct an artificial island that will produce plenty of wind energy. This will take up 1.3 million square feet and will cost about \$34 billion. Wind is a renewable source that will reduce the amount of electricity from fossil fuels and therefore reduce air pollution. <https://www.forbes.com/sites/palashghosh/2021/02/04/denmark-plans-to-build-artificial-island-that-will-serve-as-energy-hub-for-wind-powe/?sh=16958b7d4984>

10    the Coronavirus Pandemic, In the fall of 2020 professors from 6 different universities developed a case study  
11    on French high school students. The percent of students that had developed MDD or major depressive disorder  
12    was 8.9%. The percent that had developed AD or anxiety disorders is 15.7%. And the confirmed number of  
13    students that used substances was 8.1%, remembering that this number is the number of confirmed cases in  
14    students. Another number that is alarmingly high is the percent of students who received "marked or impaired"  
15    scores on the Sheehan scale. This number was 51.7%. And only 30.5% of these students actually went to  
16    receive help from a professional.

17  
18    Affirming that The Department of Economic and Social Affairs of the United Nations Secretariat program has  
19    dedicated resources to the Mental Health Matters Social Inclusion of Youth with Mental Health Conditions  
20    research program, the UN has sent something they call the WHO QualityRights tool kit This provides countries  
21    with the practical information and tools for them to be able to fight against mental health in their own  
22    countries. These tools help him to improve quality and human rights for the general mental health quality in  
23    their own specific countries.

24  
25    Determined to reduce the levels of anxiety and stress of teens globally, We aim to create a voluntary one-hour  
26    class that is available to all member states secondary schools, or the equivalent, regarding student mental  
27    health.

28  
29                    1. This curriculum will be dedicated to educating students on the causes, effects, and ways to reduce  
30                    stress and anxiety due to school in a monthly classroom setting. The curriculum will be developed by the  
31                    United Nations Educational Scientific and Cultural Organization and allocated funds to be written as a  
32                    part of their budget for the 2022 year. The curriculum is to be developed for the 2022-2023 school  
33                    year, completed by June of 2022 allowing time for digital distribution. Said curriculum includes 16  
34                    informative lesson plans as digital materials to be taught by any school admin or teacher. The  
35                    curriculum will be assessed biennially by UNESCO to account for any updated information. This program  
36                    will be available to all United Nations countries wanting to implement said curriculum.

1  
2  
3 The General Assembly,  
4  
5 Conscious of the undermining of political victories in Hungary and elsewhere as well as the real issue of voter  
6 suppression,  
7  
8 Recalling Article 21 of the United Nations Universal Declaration of Human Rights, emphasizing preventative  
9 measures towards the suspension of periodic and/or genuine elections,  
10  
11 Recognizing the efforts of Hungary to uphold the declared human right of voting and our refusal to entertain  
12 imprudent claims of voter fraud and voter suppression in Hungary; We  
13  
14 1. Call upon the United Nations and its delegates to hold a vote on any significant issue of voter  
15 suppression or prevention of a free and fair election and  
16

1 Allocation of Monetary Investments in the Sovereign Wealth Fund to Climate Solutions  
2  
3 The General Assembly,  
4  
5 Convinced that climate change is a major issue that affects every country in our international community, with  
6 the shrinking of glaciers, earlier breaking of ice on waterways, changes in the range of habitation of plants and  
7 animals, and the early flowering of trees as documented by NASA,  
8  
9 Deeply concerned that one of Norway's main exports is oil, with the main oil company on the Norwegian  
10 continental shelf (Equinor) producing an average of 2.5 million barrels of oil per day,  
11  
12 Noting with deep concern that the largest contributor to global emissions is the burning of coal, natural gas,  
13 and oil for heat and electricity,  
14  
15 Conscious that Norway is a member of the Paris Agreement, which works to find climate solutions to limit the  
16 global warming of our planet,  
17  
18 Keeping in mind the thirteenth 2030 Sustainable Development Goal to "Take urgent action to combat climate  
19 change and its impacts,"  
20  
21 1. Urges Norway to utilize funds from their established sovereign wealth fund that can be allocated  
22 towards new development projects;  
23  
24 2. Calls upon States to allocate greater funds to the development and implementation of sustainable  
25 technology that works to lower their carbon footprint;  
26

1                    A Grant to Implement a Curriculum to Educate on and Prevent Malnutrition and Poverty  
2  
3    The General Assembly,  
4  
5    Alarmed by the number of deaths every year caused by hunger,  
6  
7    Seeing that the global extreme poverty rate, defined as an individual making less than \$1.90 a day, was at 8.2% or  
8    about 631.4 million people as of 2019 according to the United Nations,  
9  
10    Recognizing that the pandemic created by COVID-19 has made the extreme poverty rate increase to 9.4% (733.2  
11    million), and has forced an additional 88-115 million people into poverty and worsened conditions for those already  
12    living in poverty, according to The World Bank,  
13  
14                    1. Calls upon the United Nations General Assembly to create a grant program to help educate and make  
15                    youth aware of the extent of malnutrition and poverty, known as the Education on Malnutrition and Poverty  
16                    (EMP) Grant,  
17  
18                    2. Requests that the funding for the EMP Grant be allocated within the budget of the United Nations  
19                    Educational, Scientific and Cultural Organization (UNESCO), as approved by the General Assembly,  
20  
21                    3. Approves of that the curriculum will be made by UNESCO for applicants to use, the applicant’s Department  
22                    of education or its equivalent will have to agree to use of the aforementioned curriculum in order to apply,  
23                    receive, and maintain the grant,  
24  
25                    4. Proclaims that all states that receive the grant would receive the same resources, but the amount of grant  
26                    money allocated to the grant recipients will be based on the following for that country: population, poverty  
27                    rate, and dropout rate,  
28  
29                    5. Notes that the grant will not only be used only for a curriculum to educate students on malnutrition and  
30                    poverty; the money may also be used to relocate teachers and volunteers to countries that apply for the  
31                    grant but don’t have any currently trained teachers in related areas, such as health or physical education,  
32  
33                    6. Further notes that the grant will last for three years, whereupon after the three years member states can  
34                    apply again, and failure to comply with the aforementioned grant requirements may result in the removal of  
35                    funds or ability to apply in the future,  
36  
37                    7. Recommends this curriculum to be taught with any current health curriculum in place (or the equivalent of  
38                    a health curriculum).

The General Assembly,

Fully aware that the use of heroin and other opioids poses a threat to humanity,

Observing that opioids can lead to a higher addiction rate within a region,

Understanding that the reduction of opioids in Seychelles, which suffers from the highest rate of heroin abuse in the world, would lead to worldwide decline in drug dependence numbers,

Taking note that heroin abuse is a result of lenient drug borders within the world,

Realizing that addiction to opioids around the globe leads to drug abuse, as declared in resolution 55/7,

1. Requests the United Nations Office on Drugs and Crime, to share education on drug overdose, with emphasis on heroin, to areas around the globe that have high rates of drug dependence;
2. Encourages all Member States to educate and be aware of how illegal drug movement across lenient borders leads to drug abuse;
3. Calls upon the United Nations Office on Drugs and Crime, in collaboration with the World Health Organization, to help circulate practices on prevention and treatment of opioids that will lead to a decline in global drug abuse numbers.

The General Assembly,

Observing that in 2020, 40,326 refugees came to Spain by sea,

Emphasizing that the vast majority of these crossed the Mediterranean Sea from Africa,

Noting further that Algeria, Morocco, Mali, Guinea, and Cote d'Ivoire are the top 5 countries of origin,

Alarmed that the Mediterranean Sea crossing is the deadliest water crossing in the world,

Noting with deep concern that in 2018, an average of 6 people a day died or went missing crossing it,

1. Calls upon the United Nations High Commissioner on Refugees to set up UN-staffed and controlled crossings from Africa to Southern Europe,

2. Requests that these crossings consist of strategically placed land stations on both sides of the Mediterranean, and United Nations ships,

An Act to Regulate the Amount of Pollution Entering the Baltic Sea

- 1
- 2
- 3 The General Assembly,
- 4
- 5 Deeply disturbed by the excessive amounts of plastic waste and nutrients in the waters of the Baltic Sea.
- 6
- 7 Noting with deep concern that municipal facilities, industrial agriculture, and a large rate of ship traffic cause an
- 8 enormous increase in natural elements such as nitrogen, phosphorus, oxygen, and unnecessary compounds such
- 9 as oil and petroleum. In addition to large amounts of industrial waste and single-use plastics.
- 10
- 11 Realizing that the runoff of hazardous materials causes an irregular increase in eutrophication processes in the
- 12 water of the Baltic Sea, which in turn causes damage to the shores and seafloor of the Baltic.
- 13
- 14 Conscious that the Helsinki Convention (HELCOM) coordinates efforts that involve emergency response, clean-
- 15 up, and regulation contribute towards efforts to save the Baltic Sea.
- 16
- 17 1. Calls upon the United Nations Environment Programme (UNEP) to coordinate with municipal and
- 18 industrial facilities in the countries surrounding the Baltic Sea (Sweden, Finland, Russia, Estonia, Latvia,
- 19 Lithuania, Poland, Germany, Denmark, and those countries wishing to extend their diplomatic/trading
- 20 efforts into the territories of the Baltic Sea) to regulate the amount of hazardous chemicals that flow
- 21 into the Baltic Sea as a result of agricultural runoff and shipping traffic.
- 22
- 23 2. Requests the Helsinki Convention (HELCOM) to further extend their efforts to other countries as a
- 24 result of the need for immediate action to regulate the amount of pollution entering the Baltic Sea.
- 25
- 26 3. Stress the necessary compliance with these regulations to the extending countries (Sweden, Finland,

3 The General Assembly,  
4  
5 Convinced that the preservation of marine ecosystems is integral to the health, wealth, and wellbeing of  
6 mankind,  
7  
8 Conscious of the dependency on sensitive fish populations in the South China Sea as a dominant food source  
9 for the residents of many East and Southeast Asian Nations,  
10  
11 Deeply concerned about the exorbitant overfishing occurring in the South China Sea,  
12  
13 Bearing in mind the importance of cooperation between regional maritime law enforcement agencies in the  
14 effective regulation of fishing in the South China Sea,  
15  
16 Determined to define an international agreement specifying a common set of fishing regulations to be enforced  
17 by the maritime law enforcement agencies of nations laying claim to the South China Sea,  
18  
19 1. Calls upon the nations of Taiwan, China, Philippines, Vietnam, Malaysia, Brunei to commence

The General Assembly,

Alarmed by the significant rates of enforced disappearances being carried out in multiple countries including Sri Lanka, Syria, Thailand, Argentina, and Zimbabwe, Recalling the UN resolution 64/167 established an International Convention for the Protection of All Persons from Enforced Disappearance and the continuation of this cruel practice is an outright violation of the Convention's work,

Keeping in mind enforced disappearances are a violation of Article 9 of the UN Declaration of Human Rights,

Recognizing the 62 nations which have ratified the International Convention for the Protection of All Persons from Enforced Disappearance and the advocacy and research work of Amnesty International have helped in resolving this issue, Recalling that the United Nations Secretary-General denounced the "alarming" number of enforced disappearances and requested all Member States to take the legal means necessary to prevent such acts.

1. Requests the UN Security Council to consider sending a UN mission to Thailand to uncover the whereabouts of people who are currently missing, as well as to figure out how to advocate for further prevention of these disappearances.
2. Further requests the missions have more trained UN personnel than those that were sent to Kosovo.
3. Recommends that if the Thailand mission proves to be successful, meaning the whereabouts of some victims are determined or advocacy in stopping enforced disappearances is effective, then the missions will be used as a model for other countries.

LTC Bluegrass | Grades 6-8

Dates: TBA • VIRTUAL

LTC Commonwealth | Grades 9-12

Dates: TBA • VIRTUAL

---

LTC is an inspirational and motivational experience that builds servant leaders through personal discovery and skills development. Through in-depth guided discussion, small group activities, and teambuilding, teens hone leadership skills and explore their own values away from the pressures of their daily lives.

A rare space where teens can truly be themselves, students have fun, forge lasting bonds with peers from around the Commonwealth and return home better prepared to be effective servant leaders in their home, school and community.

# Donate shoes.

## Kentucky United Nations Assembly

Disease caused by unclean drinking water kills more than 3.75 million people every year – and nearly half of them are children under five years old.

WaterStep installs water treatment plants that supply developing communities with access to safe, clean water.

By holding a WaterStep Shoe Drive, you'll help fund water projects that save hundreds of thousands of lives in the world's poorest countries.

## Safe drinking water shouldn't be a luxury.

Worldwide, **884** million people suffer without any access to safe water.

Nearly **5,000** children perish each day due to diseases caused by unclean water.

Over **2.2 million** people could be saved this year just by having access to safe water.

# Save lives.

## Donating Shoes is Simple.

Gather up pairs of shoes you no longer wear. Ask your friends and family to pitch in.

Tie the laces, and drop them into a collection bag at a shoe drive or drop-off location.

Your shoes will fund projects that provide clean water for hundreds of thousands of people all over the world.

To promote a WaterStep Shoe Drive at your school, church, business or event, contact Jennifer Poe 502.567.7463 or [jennifer.poe@waterstep.org](mailto:jennifer.poe@waterstep.org).

# Kentucky YMCA Youth Association

## Global Initiatives Fund

As a Diversity, Inclusion, and Global (DIG) Innovation Network Y, the Kentucky YMCA Youth Association has worked to improve YMCA global impact since 2012. Alongside YMCAs across the U.S., the Kentucky YMCA is helping to lead the YMCA Global Movement for Change. With the Global Initiatives Fund, the Kentucky YMCA is constantly growing, developing, and supporting new International relationships and fellow YMCAs.

### Global Initiatives Fund

Each year, The Kentucky YMCA raises money for the Global Initiatives Fund to support internationally—focused activities. The Kentucky YMCA uses these funds to support international programming and needs, newcomer/immigrant students, non-profits worldwide, and the YMCA Global Movement. This year, we will be dedicating the Global Initiatives Fund to the San Juan and Ponce YMCAs in Puerto Rico.

### International Experiences

The Kentucky YMCA supports various International Experiences for Participants, Volunteers, Alumni, and Staff. These experiences not only provide a learning opportunity, but also professional development and personal growth. Through local conferences, international exchanges, participation in the YMCA World Alliance, and International Leadership Opportunities, the Kentucky YMCA connects its community with the wider global network.

### KUNA

The Virtual Kentucky United Nations Assembly (KUNA) provides students from across the Commonwealth with the opportunity to travel the world in just two days. Annually, over 6,000 students research other countries, write and debate UN resolutions, and resolve global as ambassadors of represented countries. This authentic learning experience underscores the importance of global citizenship, connecting Kentucky teens to the broader world.

### YMCAs of Puerto Rico

Puerto Rico has two YMCAs—the San Juan YMCA is a wellness center/gymnasium, and the Ponce YMCA is a pool and general facility. The YMCA of Ponce is stepping up its services—as a school, child care center, and critical community center. They have **tripled** their normal offerings and resources. Because that's what the Y does: it supports its community, no matter what.

The Ponce Y has been damaged by the hurricane and earthquakes. Its staff members have faced multiple hardships and trauma. But they know the way forward is to heal together, and the Kentucky YMCA will be there with them. We are dedicating our 2021 KUNA Global Initiative Fund to support the Ponce YMCA- so it can serve and feed the region's children when no one else can -- and continue helping their community get back on its feet after several devastating blows.

### Need-Based Scholarships for Newcomer/Immigrant Students

The Kentucky YMCA does everything it can to ensure all students can attend programs. We offer need-based scholarships to students. Often our newcomer/immigrant students need additional assistance as their families are still settling in the U.S. We use our Global Initiatives Fund to support students new to the United States, offering a safe, welcoming, and educational environment.

### International Partnerships

The Kentucky YMCA continues to develop partnerships across the globe. In addition to local organizations like the World Affairs Council of KY & Southern IN and WaterStep, the Kentucky YMCA also has International Partnerships with the YMCA of Denmark and the Cape Town YMCAs in South Africa.

The Cape Flats YMCA in Cape Town has been growing and improving over the past few years. As our largest partner, we help to fund their progress with hopes of providing a space for children to go and grow. Sports, afterschool clubs, volunteer opportunities, and more are offered to children in an effort to keep them safe.
