# Virtual Code of Conduct

It is important that our participants and guests feel welcomed and safe in our programs. This code of conduct embodies the spirit of the Y, and is intended to help everyone feel comfortable and thrive. As a YMCA participant or guest, we ask you to agree to follow this code of conduct which is rooted in our core values.

These requirements also serve as an extension and supplement to any codes of conduct students and participants must abide by for in-person programming.

1. Appropriate Video Call Etiquette:
  - When registering/signing-in for any video call or meeting, please use your **First & Last Name** (not a random username), as well as your **School** in parentheses (for KUNA, please include **COUNTRY instead of School**).  
**Example:** Curious George (Monkey Acad.). This helps us to ensure the privacy of our meetings.
  - Please find a quiet area and call in at the scheduled meeting time so that you can be fully present in the virtual experience. We ask that all participants have their video function on their device if possible so we can see and hear you.
  - Please do your best to keep background noise or distractions to a minimum. Mute yourself when you are not speaking.
  - Please do not take your phone or computer to the bathroom.
  - Photos and videos of others without the expressed consent is prohibited.
2. Cell phones, music players/speakers, or other wireless communications should not be used during meetings or formal programming time.
3. Appropriate attire: Appropriate attire must be worn at all times. Clothing with vulgar language, obscene gestures, racial slurs, or anything that contributes to a hostile environment or would be considered inappropriate in a YMCA program is not allowed. Appropriate tops and bottoms should be worn.
4. Appropriate language: Vulgar language, including swearing, name-calling or shouting/yelling at others is prohibited. When communicating in the chat box, please do not send links or information that is not aligned with our YMCA core values.
5. Appropriate Interactions: Participants shall demonstrate respectful, responsible, caring, and honest conduct before, during, and after all KY YMCA virtual interactions. This includes but is not limited to: social media, physical and verbal interactions, electronic communication. Above all else, other people's needs/requests must be respected. *Bullying of any kind will not be tolerated. This includes but is not limited to physical, verbal, mental, cyberbullying.*
6. All delegates share the responsibility for their actions when violations committed by students or adults are witnessed. Those present who do not act to remedy and report the violation shall be considered participants. There are no "innocent bystanders."
7. Creating a welcoming environment: Respect others' cultures and personal way of being. We strive to create a safe emotional and physical space. We encourage participants to honor diversity in all dimensions and respect opinions or perspectives. The Kentucky YMCA stands up against all forms of bullying, discrimination and racism.
8. Appropriate conduct: Any other conduct of an inappropriate, threatening or offensive nature will be investigated/evaluated by YMCA staff. Participants that do not abide by this agreement may be prohibited from participating in future virtual events or in-person activities.
9. Physical intimacy between participants is inappropriate at all times during Kentucky YMCA programs. This includes, but is not limited to: romantic interactions, unwanted or inappropriate physical contact, unwanted comments/conversation, etc.

10. Alcohol, Tobacco and Drugs: The use of alcohol, tobacco, and drugs (including e-cigs/ tobacco-like products) is not permitted in or outside of ALL virtual calls. Participants that show, obtain, see in the background, make references to or use during the virtual calls will be removed from meeting and removed from future virtual and in-person events. Law enforcement may be involved if necessary.

If a participant or guest feels uncomfortable in confronting someone directly about offensive behavior or other issues that are in violation of this code of conduct, we ask that you please report the behavior or issue to Kentucky YMCA staff.

To create and maintain a space that embodies our core values, the Y is serious about being clear regarding activities that are not allowed. If you violate this code of conduct, consequences can include termination of program privileges, being removed from all virtual programming, and involving appropriate legal authority. Through experiential learning, service, and community activism, the Kentucky YMCA Youth Association fosters critical thinking, leadership, and social responsibility in teens.

## AREAS OF FOCUS

Nurturing the potential of every child and teen

**Healthy Living**

## YOUTH DEVELOPMENT AT THE YMCA

Kentucky YMCA Youth Development is the **social-emotional, cognitive, and physical** process that all youth uniquely experience from birth to career. A successful development process fulfills children and teens' innate need to be loved, spiritually grounded, educated, competent, and healthy.

Positive youth development is supported by the intentional efforts of individuals, including parents, mentors, teachers, community members, peers, and others who help foster the skills needed for successful living through motivation, active engagement, enriching activities, and healthy relationships.

## DIMENSIONS OF WELL-BEING

At the Y, we support youth development by fostering nine dimensions of well-being: Character, Giving, Inspiration, Health, Achievement, Relationships, Belonging, Meaning, and Safety.

Youth Development at the Y emphasizes three of these dimensions when measuring the impact and effectiveness of our programs:

**Achievement**  
**Relationships**  
**Belonging**

## THE FIVE PILLARS

To help ensure the fidelity and quality of our YMCA teen programs, we measure and seek to maximize impact using the following pillars:

**Academics**  
**Positive Relationships**  
**Positive Identity**  
**Life Skills**  
**Civic Engagement** (Youth and Government\*)

# My Docket

- Fill out this page to help you remember key points when you give speeches and ask questions.
- The best time to get info from Sponsors is during Bill Sharing in First Committees.
- Try to come up with thoughtful questions that are not answered in the bill.
- Take note of the points made in each speech, pro and con. You can help make the debate better by responding to previous speakers, rather than just repeating the same points made in previous speeches.

Bill #	School	Topic	Notes for speeches and questions

**BE A BETTER DEBATER!!!**  
**READ THESE HELPFUL HINTS AND TIPS:**

- **TECHNICAL QUESTIONS**
  - READ the bill before you decide on your question. DON'T ask questions that are already in the bill. For example, "When will this bill go into effect?" and "How much will this bill cost?" are usually answered in the Body of the Bill.
  - Don't ask questions that begin with "WHY...?" Those are almost always debatable.
- **WHAT YOU MAY DO DURING PRO/CON DEBATE**
  - Each time you are recognized, you may do ONE or TWO of the following things:
    - Ask the sponsor(s) a *technical* question about the bill
    - Ask the sponsor(s) a *debatable* questions about the bill
    - Give a speech for or against the bill
    - Yield your remaining time to another delegate
  - If you would like to ASK A QUESTION (or a series of 2 questions), when you are recognized, say, **"Will the sponsor(s) yield to a question (or 'series of questions')?"**
  - If you would like to SPEAK OR YIELD YOUR TIME AFTER ASKING A QUESTION, you should also say, "And I reserve my right to speak (or 'yield my time') afterward."
  - If you would like to YIELD YOUR TIME AFTER SPEAKING, you should reserve your right to do so after addressing the chair.
    - EX: "Hermione Granger, Hogwarts. I reserve my right to yield the remainder of my time to Delegate Malfoy from Hogwarts Slytherin."

1 An Act Relating To educating teachers about mental health awareness in schools.

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: Currently, Mental Health reports, in America, state that 1 in 5 school-age children have  
6 diagnosable mental health issues. Over 10 million students between the ages of 13 and 18 need  
7 professional help to address mental health issues. This matter in schools will provide children with the  
8 chance to be helped with their specific mental health disorders. We want to help teachers in schools respond  
9 appropriately and efficiently before and/or while students are dealing with any of the following mental health  
10 disorders; all anxiety associated psychiatric disorders, Attention Deficit Hyperactivity Disorder, Depressive  
11 Disorder, Bipolar Disorder, and Obsessive-Compulsive Disorder. Because of recent events, COVID-19 has  
12 increased the chances of mental health disorders in children. An estimated 40,000 children in the United  
13 States have lost a parent to COVID-19. Thus increasing mental health issues.

14  
15 Section 2: KRS 156.095 shall be amended to read as follows: By the 2023-2024 school year, and every year  
16 thereafter, the Kentucky Department of Education and the Kentucky Cabinet for Health will require all  
17 teachers, K-12 to undergo a minimum of 60 minutes of mental health and suicide prevention training,  
18 including awareness/recognition of signs and how to address the situation properly.

19  
20 Section 3: The Kentucky Department of Education will be responsible for enforcing this requirement. The  
21 Kentucky Department of Education will monitor school compliance with this regulation. At the school level,  
22 guidance counselors will oversee the transaction. Teacher submission of required training will be monitored  
23 by the human resource department at the district level with evidence of completion reported back to the  
24 Department of Education.

25  
26 Section 4: Teachers who do not comply with this act will first be warned by the principal or other leading  
27 official of that specific school. If they continue to disregard this act it will eventually lead to termination.

28  
29 Section 5: This bill will take effect at the beginning of the 2023-2024 school year.

Section 1: In the USA, over 2 million people are in our prison systems. In Kentucky, around 30,000 people are in prison. According to the Bureau of Justice Statistics, 47% of prisoners will find themselves re-offending. Because of this, prison overcrowding is an issue. This bill aims to find a solution to this detrimental problem. The intended effects are a lower prison population, a stronger workforce, and increased prisoner welfare.

Section 2: In order to mitigate the previously mentioned problems, the proposed plan is to provide all non-violent prisoners with two options. 1. non-violent prisoners who are not serving a sentence over 60 years, will learn a trade (woodworking, welding, etc) while in prison. 2. Once released prisoners will be provided a government job. This will pay minimum wage and last 1 year. With a new government workforce, infrastructure projects can be done cheaply and easily. Providing newly released prisoners with a source of income will reduce their likelihood to commit more crimes. Prisoners who have committed violent crimes or are serving a sentence over 60 years will not qualify for such services.

Section 3: If prisons do not abide by part 1 of the plan, the prison will receive no government funding until it is in compliance. Every 6 months, a questionnaire shall be required for all prisoners to take. Questions will be relating to what craft they are partaking in and about the quality of the prison. If over 11% of the inmate population at a prison says that the prison has not been abiding by the program, an inspection of said prison will take place. If an inmate has been discovered intentionally lying, they shall be removed from the program, due to the fact that they have impeded government efficiency.

Section 4: To start out, 11 million dollars will be provided for this program. It is anticipated that savings from the lower prison population will pay off the 11 million dollars. The initial funding will come from the 109 million dollar budget that Governor Andy Beshear has instated for criminal justice.

Section 5: This bill will go into effect November 2023.

Section 1: According to the National Service Animal Registry, the average cost of a service animal is around \$15,000-\$30,000. Some service animals can even cost as much as \$50,000 depending on their specific tasks and responsibilities. The average income for an individual in Kentucky is \$26,653, the average household income is a little under double that at \$50,589. This means that a service animal can cost from half, all the way up to almost double the yearly income an individual, or household makes annually. Adding that cost to the bills associated with one's mental, or physical disability, and the cost of a service animal becomes out of reach for the majority of those who need them.

Section 2: "Service animal" means any dog or miniature horse that is individually trained or in training to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. A "service animal" does not include other species of animals, whether wild or domestic.

Section 3: If one is diagnosed with a physical or mental disability and qualifies for a service dog, then they will be eligible for assistance with the high cost of the service animal. Proof of their medical diagnosis must be provided from a practicing physician, upon patient request, and submitted directly to the Kentucky Division of Public Health Protection and Safety.

Section 4: Disabilities that determine eligibility include, but are not limited to amyotrophic lateral sclerosis (ALS), arthritis, cardiac-related disabilities, cerebral palsy, chronic back/neck problems, chronic fatigue, immune dysfunction syndrome, diabetes, epilepsy/seizure disorders, fibromyalgia, multiple sclerosis, muscular dystrophy, myasthenia gravis, narcolepsy/cataplexy, paralysis, Parkinson's disease, spina bifida, spinal cord injuries, stroke, vertigo, deafness, blindness, depression, anxiety, post-traumatic stress disorder (PTSD), panic attacks, bipolar disorders, schizophrenia, obsessive-compulsive disorder (OCD), agoraphobia, and social phobias.

Section 5: The state of Kentucky will match up to \$5,000 for the service animal based on funds raised by the individual or raised by someone on the individual's behalf. Documented proof of funds raised for the designated service animal must be submitted directly from a reputable financial institution to the Kentucky Division of Public Health Protection and Safety. This bill will be funded by current Kentucky tax dollars.

Section 6: This bill will go into effect 30 days after its passage.

1                                   An Act Relating To Preventing Gun Violence and Promoting Community Safety

2  
3                                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5   Section 1: The bill states that in the Commonwealth of Kentucky gun owners must register all firearms with  
6 government officials. The registration process will include a mental health and wellness check and a universal  
7 background check.

8  
9   Section 2: To prevent an uprising in gun violence like the one that occurred in the past 5 years. The  
10 Washington Post states, "Through the first five months of 2021, gunfire killed more than 8,100 people in  
11 the United States, about 54 lives lost per day." The objective of the proposed bill is to prevent gun violence  
12 and promote firearm safety.

13  
14   Section 3: This bill will cost gunowners \$60 for registration and background check fees that they must  
15 complete every 5 years. Current gunowners have 2 years to register all firearms with a waived fee. The state  
16 will use this income to pay for background checks as well as employees.

17  
18   Section 4: This bill will go into effect January 2022.

1                   An Act Requiring HPS Lights to be Replaced by LED Lights on All Kentucky Highways  
2  
3                   **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**  
4  
5   Section 1: NEW SECTION OF KRS CHAPTER 176 IS CREATED TO READ AS THE FOLLOWING: All street lights  
6   on highways will use LED lights.  
7  
8   Section 2: This bill will require all street lights on highways to be switched to LED lights when they need to be  
9   changed.  
10  
11   Section 3: Currently, street lights use HPS (High Pressured Sodium) light bulbs that cause light trespass, or  
12   the spillover of light into unwanted areas. LED (Light Emitting Diode) lights have a more natural glow and  
13   focused light.  
14  
15   Section 4: Buying 1 LED street light costs around \$780. Buying 1 HPS street light costs \$340. Over time, LED  
16   lights will cost approximately \$5,000,000 less because they require much less maintenance and last much  
17   longer than HPS lights.  
18  
19   Section 5: Beginning in January 2022 and ending December 2024, as HPS light bulbs burn out, they will be  
20   replaced with LED lights.

1 An Act Relating To Establishing the right to an attorney for children of divorce concerning custody.

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: According to the 2019 Community Survey, the overall divorce rate in Kentucky is 13%. Kentucky is  
6 currently ranked sixth in overall divorce rates. This means that more children are facing and being impacted  
7 by divorces in Kentucky than other 44 other United States.

8  
9 Section 2: Children experiencing divorce and custody could be impacted by numerous mental and emotional  
10 health problems. These problems can lead to academic and behavioral issues, such as: withdrawal from  
11 family and friends, hyperactivity, aggression, disruptive behaviors, anxiety, depression, and withdrawal from  
12 classroom participation. Providing children with a voice in custodial issues would decrease these impacts.

13  
14 Section 3: The enactment of this bill would result in a child whose parents are currently in divorce court,  
15 having the option to have an attorney to represent their voice or speak for them in determining parental  
16 custody.

17  
18 Section 4: An attorney for the child would be automatically court-appointed once parents file for divorce.

19  
20 Section 5: The funding for the court appointed attorney would come from the existing system for court-  
21 appointed attorneys in which they are paid by the government.

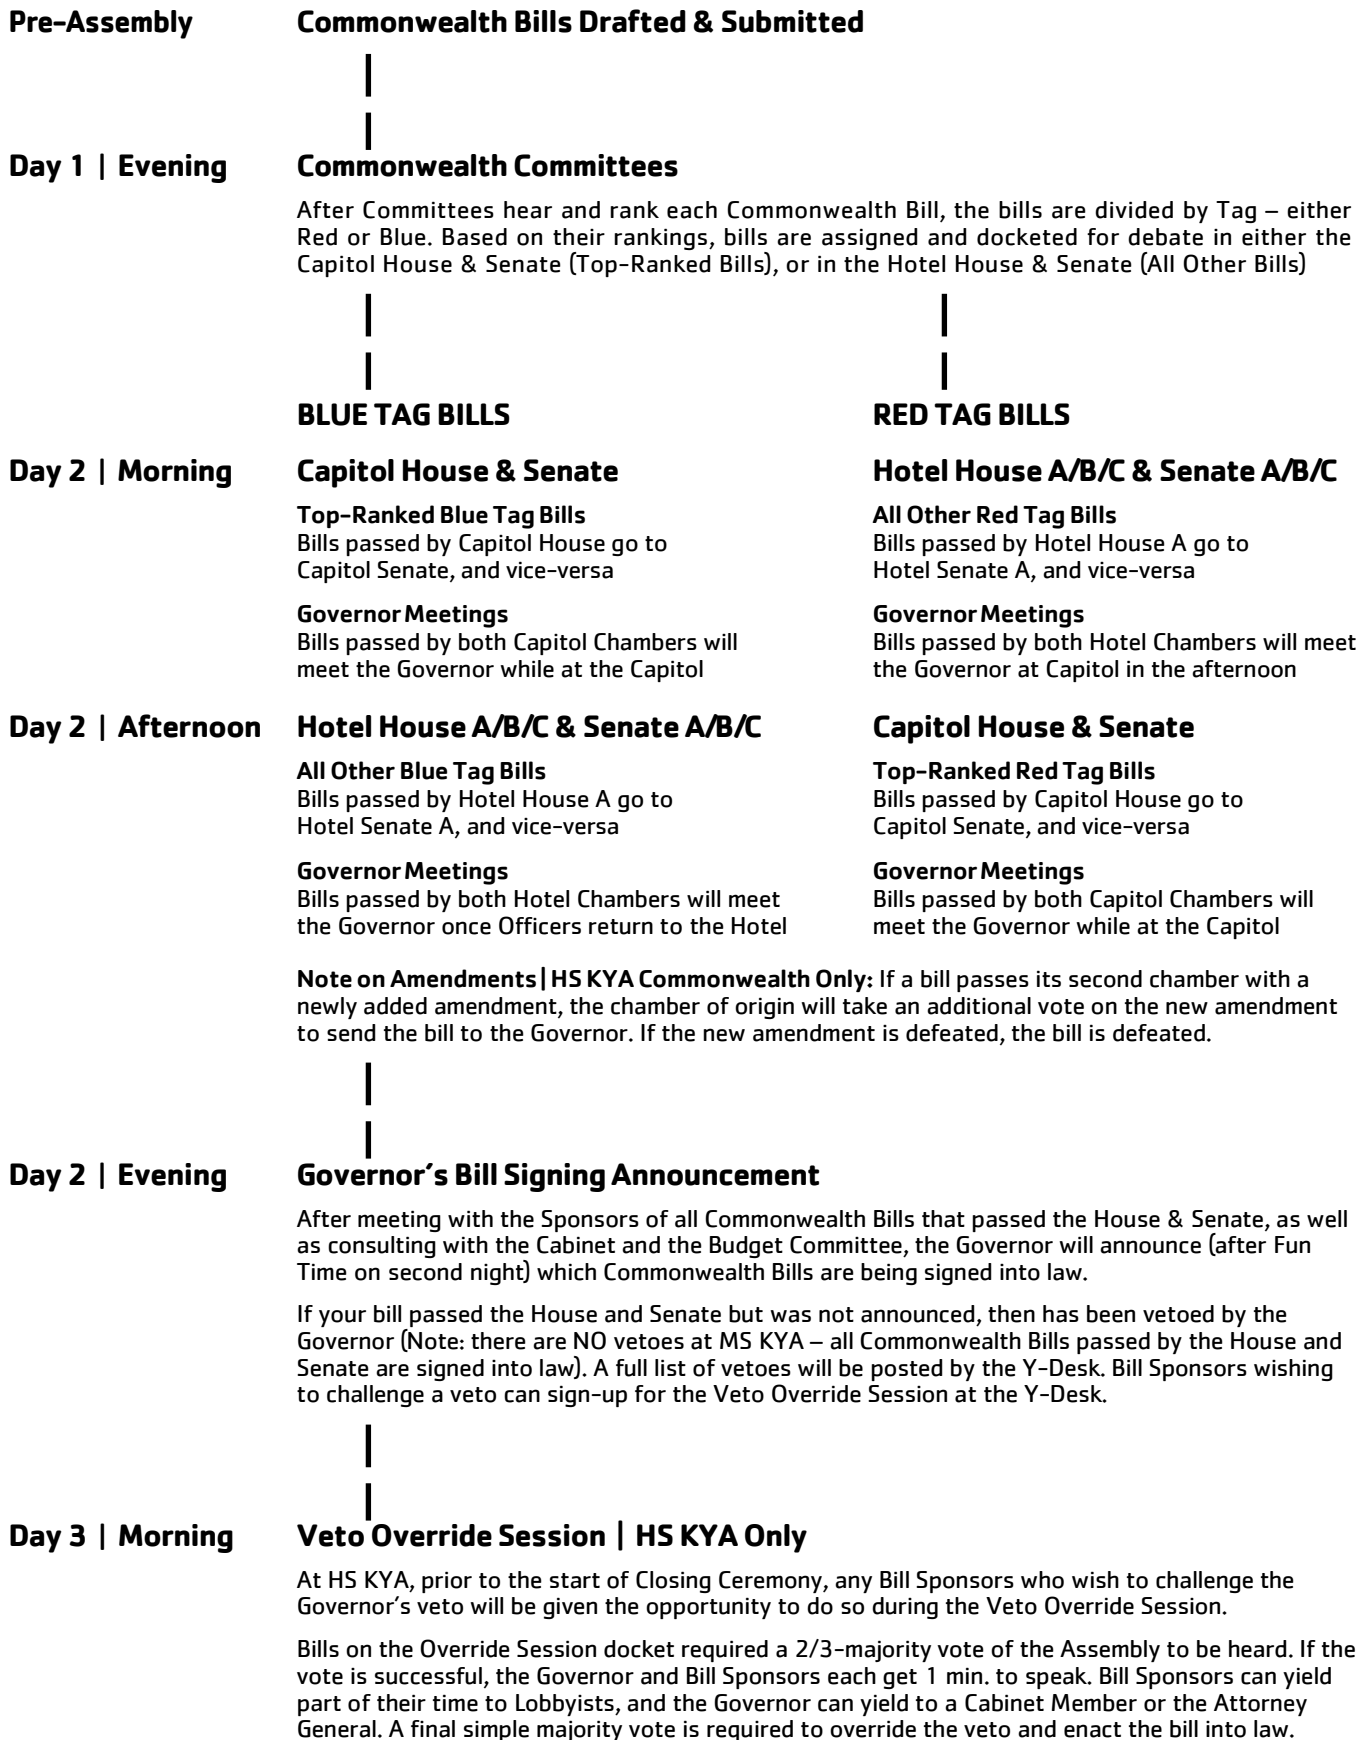

22  
23 Section 6: This bill will go into effect January 1, 2022.

1 An Act Relating To the Education of Vaping Prevention in Public Middle and High Schools in Kentucky.

2  
3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4  
5 Section 1: This bill will educate middle and high school students about the dangers of electronic cigarettes  
6 (also known as "vaping") through mandatory classes and parent information sessions. This bill will require all  
7 middle and high schools to provide a informative session for students on vaping prevention in 8th grade and  
8 10th grade to be imbedded into either heath or guidance classes. It will also require schools to provide a  
9 parent session on the dangers of vaping once a year to be offered online.

10  
11 Section 2: Currently, there are no laws that require education about electronic cigarettes in the middle and  
12 high school of Kentucky. The only law that currently exists prevents tobacco use on Kentucky school  
13 grounds.

14  
15 Section 3: Schools that do not abide by the implementation of required classes will be cited and audited by  
16 the state for failure to comply. Audit procedures will follow for all schools in violation.

17  
18 Section 4: The implementation of this bill would not cost additional funds to the taxpayer, as it would be an  
19 online class created by the Health Department. Materials would be given to schools electronically to provide  
20 to students.

21  
22 Section 5: This law will go into effect upon the beginning of the next school year in each county in Kentucky.

- 1                           An Act Relating To Adding Higher Quality Feminine Products Into Prisons
- 2
- 3                           **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**
- 4
- 5   Section 1: This bill will amend KRS 197.020 and provide higher-quality feminine products in prisons to those
- 6   who need them. We believe there should be access to adequate menstrual products to all females.
- 7
- 8   Section 2: Prisons in Kentucky currently allow prisoners to purchase feminine products, only offering low-
- 9   quality pads and tampons. Although they offer feminine products to purchase, hygiene products are
- 10   overpriced. All females deserve a right to personal hygiene and this includes having the appropriate feminine
- 11   products.
- 12
- 13   Section 3: Implementing this would not only allow female prisoners access to better feminine products but
- 14   would also improve the overall hygiene of the females in these prisons.
- 15
- 16   Section 4: The estimated cost of this project will be \$100,000 annually and will be paid for by the
- 17   Department of Corrections.

An Act Relating To Animal Cruelty in Livestock

**Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

Section 1: A NEW SECTION OF KRS IS CREATED TO READ AS FOLLOWS:

- (1) Investigators get full protection when investigating a suspected place of misconduct (suspicion means from reports and shady activity)
- (2) Periodic check-ins to large-scale commercial farms make sure that they are operating the way they should, and treating animals in a humane manner (not starving them to death, clean conditions to prevent illness, no hitting, no physical or mental abuse).
- (3) If investigators see signs of animal cruelty on farms they have the permission to add security cameras (with a permit/warrant) around the farm to oversee it for a few months (this would be funded by the Kentucky Office of Homeland Security under the Law Enforcement Protection Program).
- (4) If abuse is discovered, then punishments will be inflicted (same punishments as other animal cruelty laws in Kentucky)

Section 2: Any statute contrary to this Act shall be amended or repealed.

Section 3: This law will be enacted on October 1, 2022.

Section 1: Most students start their menstrual cycle around the age of 12 and may lack access to the products that they need; therefore, these hygiene products should be provided in all public middle and high school restrooms, including women’s restrooms and gender neutral restrooms. Making menstrual products available and accessible and free of cost is vital for ensuring the health, dignity, and full participation of all students.

Section 2: Young students should be provided with menstrual products such as pads, tampons, and panty liners. Cycles can sometimes be unpredictable and students might not be prepared with the sanitary products they need. Middle school is the age when most students start their menstrual cycle; therefore, it makes sense to provide access to these products in both middle and high school, grades 6-12.

Section 3: Disadvantaged students may not have access to the menstrual supplies that are necessary each month. Younger students may be embarrassed or unprepared at school to request such products. A lack of access to menstrual products can cause emotional distress, physical infection, and disease. Access to these products in school restrooms helps to alleviate these issues.

Section 4: Research shows that lack of access to menstrual products can also lead to higher rates of absenteeism. Absenteeism is likely to spur significant gaps in achievement, as well as social disengagement and adverse outcomes that follow a student into adulthood. Expanding student access to menstrual products can increase attendance. After a similar measure passed in New York, participating schools saw a 2.4 percent rise in attendance.

Section 5: California and Illinois were the first states to give public school students access to free menstrual products in early 2018. California has since expanded on this law by requiring all public schools and colleges to provide free menstrual products, not just low income schools, beginning at the start of the 2022-23 school year.

Section 6: Nations around the world are recognizing the importance of access. Just last year, Scotland declared access to menstrual products a human right and required public places to provide them for free.

Section 7: If the state mandates access to menstrual products including pads and tampons in all public middle and high schools, grades 6-12, local school districts will be reimbursed for these costs by the state of Kentucky.

Section 8: This bill will go into effect beginning at the start of the 2022-23 school year.

.....  
Go For It is an inspirational and motivational experience that builds servant leaders through personal discovery and skills development. Through in-depth guided discussion, small group activities, and teambuilding, teens hone leadership skills and explore their own values away from the pressures of their daily lives.

A rare space where teens can truly be themselves, students have fun, forge lasting bonds with peers from around the Commonwealth and return home better prepared to be effective servant leaders in their home, school and community.
